Department of Children and Family Services

YOUTH SERVICES DIRECTORY

REVISED NOVEMBER 9, 2O16

Greetings!

We are pleased to present the updated version of the Youth Services Directory. The Syracuse/Onondaga County Youth Bureau, a division of the Onondaga County Department of Children and Family Services, has been publishing the Directory for over 25 years. Our first version had just about half the number of pages as this current version, which shows how services for youth have grown and expanded throughout the County. While some of the original organizations are still listed, many are newly added.

This directory is meant as a general inventory of programs for children and youth; it may be utilized by families, service providers, friends, and youth themselves. The services in this directory are provided in the community and are accessible to young people meeting program criteria provided the service has adequate capacity. The services listed do not require a referral from a physician or mental health provider, nor will the services listed require referral from child welfare or juvenile justice systems or from the court system. If you are looking for services for children/youth with severe emotional and/or behavior problems, we recommend that you contact the ACCESS Line.

The information in this document is distributed on an "as is" basis, without warranty. Neither the compilers nor Onondaga County shall have any liability to be caused directly or indirectly by the instructions or definitions contained in this directory or by the agencies or organizations described herein. Moreover any errors and/or omissions are unintentional. The listings included are not exhaustive; exclusion should not be construed as a statement as to the quality of service provided, just as inclusion should not be considered an endorsement.

Because the Onondaga County Department of Children and Family Services/Youth Bureau does not have intimate knowledge of each and every program, agency or organization listed, we do not rate or specifically endorse any. Inclusion of any program, agency or organization in the Youth Services Directory is at the discretion of the Department.

Our goal is to frequently update the Directory since it is in electronic format. To that end, we've included a Program Update Form at the end of the Directory. Our hope is that you will help us stay updated by providing us with information about new programs or changes to existing programs.

You may navigate this directory by either the service category table of contents or the program/agency table of contents. Check back often for updates.

You can find more information about the Department of Children and Family Services/Youth Bureau by visiting our website, www.ongov.net/cfs/ or by calling 315-435-2884, ext 4293.

Fee: No Fee for Service 463-1100 Phone (Line is staffed 24/7)
Geographic Area served: Onondaga County
Ages: Children/Youth ages 5-21
Program Description: ACCESS is the engagement, assessment, planning and referral process for children/youth with emotional and behavioral challenges and their families. The process is family-driven, youth-guided and grounded in the belief that families are experts regarding their children. ACCESS is a cross-systems team with staff from Child Welfare, Juvenile Justice, Mental Health and Family Care Planners. A dedicated 24/7 phone line (see above) allows family members to call and be connected with appropriate services from the start. The process is family-initiated and creates one point of entry/access with the team responding to meet the youth/family's need(s).

ACCESS CRISIS TEAM

Website: www.oncaresoc.org/
Fee: No Fee for Service 463-1100 Phone (Line is staffed 24/7)
Geographic Area served: Onondaga County
Ages: Children/Youth ages 5-21
Program Description: The ACCESS Crisis Team will respond to calls from families with safety/urgency concerns that warrant an "eyes-on" response within 48 hours. The Crisis Team will also respond to calls from concerned 3rd parties who are requesting on-site assistance (e.g. home, school, etc.). However, please note that the Crisis Team is not structured or staffed to be able to respond to emergency situations. These are best handled by calling "911" and having trained "first responders" manage the emergency. The ACCESS Crisis Team is usually able to respond within a 24-48 hour timeframe.
