Department of Children and Family Services

YOUTH SERVICES DIRECTORY

Revised October 6, 2022

Greetings!

We are pleased to present the updated version of the Youth Services Directory. The Syracuse/Onondaga County Youth Bureau, a division of the Onondaga County Department of Children and Family Services, has been publishing the Directory for over 30 years. Our first version had just about half the number of pages as this current version, which shows how services for youth have grown and expanded throughout the County. While some of the original organizations are still listed, many are newly added.

This directory is meant as a general inventory of programs for children and youth; it may be utilized by families, service providers, friends, and youth themselves. The services in this directory are provided in the community and are accessible to young people meeting program criteria provided the service has adequate capacity. The services listed do not require a referral from a physician or mental health provider, nor will the services listed require referral from child welfare or juvenile justice systems or from the court system. If you are looking for services for children/youth with severe emotional and/or behavior problems, we recommend that you contact the [ACCESS](#) Line.

The information in this document is distributed on an “as is” basis, without warranty. Neither the compilers nor Onondaga County shall have any liability to be caused directly or indirectly by the instructions or definitions contained in this directory or by the agencies or organizations described herein. Moreover any errors and/or omissions are unintentional. The listings included are not exhaustive; exclusion should not be construed as a statement as to the quality of service provided, just as inclusion should not be considered an endorsement.

Because the Onondaga County Department of Children and Family Services/Youth Bureau does not have intimate knowledge of each and every program, agency or organization listed, we do not rate or specifically endorse any. Inclusion of any program, agency or organization in the Youth Services Directory is at the discretion of the Department.

Our goal is to frequently update the Directory since it is in electronic format. To that end, we've included a Program Update Form at the end of the Directory. Our hope is that you will help us stay updated by providing us with information about new programs or changes to existing programs.

You may navigate this directory by either the service category table of contents or the program/agency table of contents. Check back often for updates.

You can find more information about the Department of Children and Family Services/Youth Bureau by visiting our website, <http://www.ongov.net/cfs/> or by calling 315-435-2884, ext 4293.

Program Description: Playing chess builds mental discipline and emotional resilience. Children learn to think ahead, follow rules, and experience the immediate consequences of their actions. While playing chess children meet new people and practice social skills. Students who play chess often do better in school. Chess doesn't care about age, size, gender, physical ability, religion, wealth, or language. When children play in chess tournaments, they develop friendships outside their own school and neighborhood.

Ages: Children / Youth ages 5 - 21.

Program Description: ACCESS is the engagement, assessment, planning and referral process for children/youth with emotional and behavioral challenges and their families. The process is family-driven, youth-guided and grounded in the belief that families are experts regarding their children. ACCESS is a cross-systems team with staff from Child Welfare, Juvenile Justice, Mental Health and Family Care Planners. A dedicated 24/7 phone line (see above) allows family members to call and be connected with appropriate services from the start. The process is family-initiated and creates one point of entry/access with the team responding to meet the youth/family's need(s).

Services to Youth: Children will learn horse care & maintenance, safety around horses, grooming, groundwork (activities that build a solid relationship between horse and human) and riding skills (if desired). In the process of learning these skills and activities, children will work with an NSCA Certified Personal Trainer, a Licensed MSW, an Equine Assisted Growth & Learning Equine Specialist and a PATH Intl. Certified Therapeutic Riding Instructor. In addition, children will benefit from the skills mentioned above in the Relationship description.

Program Description: Horses 4-Health is a multi-faceted program that supports children physically, cognitively, emotionally, behaviorally and relationally. We operate After School and Summer Camp programs. The 4 components of the programs are Rebounding/aerobic exercise on a mini-trampoline. Research shows this is the best exercise as it works every cell in the body against gravity with no impact). Resistance (developing strength through calisthenics, no added weight), Relationship (students learn and experience empathy, communication (with horses and humans, both verbal and non-verbal), safety, boundaries, trust, patience, teamwork, resilience, confidence and self-esteem; and Riding (not mandatory, must have MD permission).

Hours: After School W-F 2:30 - 5:30, Summer Camp 10 am - 3 pm

Ages Served: 9-12 year old's

Fee: We will offer scholarships on a need-based, first come, first served basis. Income statement will be required. Our regular fees are \$150/week for After School and \$110/week for Summer Camp
