Home Delivered Meals in Onondaga County

The Home Delivered Meals Program provides meals (hot lunch and cold dinner) to people of ALL ages that are unable to prepare their own meals due to an illness or injury. The program provides assistance to, nutritionally at risk, homebound, frail or isolated individuals who are age 60 or over, and in some cases, their caregivers, spouses, and/or persons with disabilities.

Participants are asked to voluntarily contribute \$4.00 for two meals or \$4.50 for two Kosher meals. Any contribution is gratefully accepted; no client is turned away due to an inability or unwillingness to contribute.

Meals on Wheels (MOW) of Eastern Onondaga County, Kosher Meals on Wheels, Meals on Wheels of Syracuse, Inc., and North Area Meals on Wheels, contract with the Onondaga County Office for Aging to provide savory, nutritious meals, comprehensive in-home assessments, nutrition counseling and other services to eligible seniors who are unable to regularly prepare healthy meals for themselves.

Meals are delivered Monday through Friday by caring volunteers who check on clients each day. Participants overwhelmingly report a better sense of well-being and independence as a result. The Home Delivered Meals Program is a primary access point for other home and community-based services.

The program provides much more than food; it provides a wholesome meal plus a safety check.

Food Pantries

Food Pantries provide a limited amount of groceries to be prepared at home. Although pantries serve eligible clients without discrimination, they may limit the number of times a household may receive assistance. There is no guarantee that pantry assistance will be available at any given time. If you need a referral to a nearby food pantry, please contact the **Interreligious Food Consortium** weekdays at 315-474-8855 between the hours of 9 a.m. and 3 p.m. Their website is: <https://www.ifccny.org/>

Food Bank of Central New York 315- 437-1899

7066 Interstate Island Rd, Syracuse, NY 13209

<https://www.foodbankcny.org/>

The core of their work is achieved by partnering with local partner agencies that distribute food to families in need. The key partners that make up their emergency food network are food pantries, soup kitchens and emergency shelters. Other not-for-profit agencies such as day care centers, rehabilitation centers, senior centers and group homes are able to utilize membership as a way to supplement their agency food needs.

Food Bank is committed to providing a wide variety of nutritious food. They are able to complement donated food with food they purchase for their inventory. Due to their vendor agreements, they are able to purchase large amounts of high-demand foods and offer these foods to their agencies at cost. Food Bank maintains an inventory of 100 core food items available to programs at all times.

They rely on food donations from food manufacturers, grocers, wholesalers, businesses and individuals to supplement their food inventory and these donations help to stretch their member programs' food budgets and enhance their inventories. Additionally, The Emergency Food Assistance Program (TEFAP) provides commodity foods, meats, vegetables and fruits to the Food Bank for the emergency food programs.

Fresh Food Distributions

Fresh Food Distributions are open to the public. All food is given away in a fair and non-discriminatory way. No one is charged for food or required to work. Contact the Food Bank of Central New York by phone at 315-437-1899 or Toll-free at 1-800-444-1562 for information on locations.

Supplemental Nutrition Assistance Program (SNAP) Formerly Food Stamps

The Supplemental Nutrition Assistance Program (SNAP) issues monthly electronic benefits that can be used like cash to purchase food at authorized retail food stores. Eligibility and benefit levels are based on household size, income and other factors.

SNAP Benefits

SNAP can help you put healthy food on the table. SNAP monthly benefits can be used to purchase food at authorized retail food stores. SNAP benefits help low-income working people, seniors, the disabled and others feed their families.

SNAP Eligibility

Eligibility is based on income. If your income is less than or equal to the amounts in the charts supplied (based on your family size), you may be eligible for SNAP benefits.

How to apply for SNAP

Applying for SNAP benefits starts with an application. If you live in Onondaga County, you can apply at: **Social Services-Economic Security**, John H. Mulroy Civic Center, 2nd Floor, 421 Montgomery Street, Syracuse, NY 13202.

<http://www.ongov.net/dss/snap/>

Hours: 8:00 AM - 4:00 PM (Monday-Friday) Phone: 315- 435-2700.

Online: You can file an application online at www.mybenefits.ny.gov. The completed online Supplemental Nutrition Assistance application will be sent to the agency and you will be screened for expedited Supplemental Nutrition Assistance within five days and have a scheduled phone interview to determine eligibility.

By Telephone: You can request an application by calling 315- 435-2700. We will mail you an application and you can either return it by mail or drop it off in-person. You will need to be interviewed and the interview can be done by telephone or in-person whichever you prefer.

In-person: You can apply at 2nd floor Civic Center, TA/SNAP Intake, 421 Montgomery Street, and they will give you an application. You can submit it that day as long as you have filled in your name, address, telephone number (if you have one) and signed the application. They will give you an appointment for a future interview which can be done by telephone or in-person.

You are responsible to complete your application completely and truthfully. At application, periodic report and recertification you must report ALL employment income and any unearned income such as disability benefits, child support, unemployment benefits and lottery winnings. If your household currently has no income and you receive a change in income, you must report the changes within 10 days after the end of the month in which the change happened.

The information and proof that you provide when applying for or while receiving SNAP must be correct, complete and accurate. If you intentionally provide false, incomplete or inaccurate information or proof, you could be disqualified from the program and possibly subject to criminal prosecution. If you are eligible for and receive SNAP benefits, you can only use them to purchase food for your household. You cannot exchange them for cash, drugs, alcohol, tobacco products or firearms or you could be disqualified from the program.

What to Expect

If you do qualify, you will receive your Supplemental Nutrition Assistance benefits no later than 30 days from the date the office got your application. Your Supplemental Nutrition Assistance benefits will be issued electronically at a participating grocery store.

It's Easier to Use SNAP Benefits

SNAP Benefits are provided through an electronic benefit card, similar to a bank debit card or credit card. This process is called Electronic Benefits Transfer (EBT). If you are eligible, you will be issued an EBT card, an account will automatically be set up for you, and every month your benefits will automatically be deposited into your account. Your EBT card and Personal Identification Number (PIN) are used to pay for your food at authorized retail food stores and participating Farmers' Markets.

Nutrition Outreach & Education Program (NOEP)

NOEP, **315- 437-1899 Extension 224**, provides free and confidential prescreening for the SNAP Program. This is a free federal program operated in Onondaga County by the Food Bank of Central New York, 7066 Interstate Island Road, Syracuse, NY 13209 - www.foodbankcny.org

NOEP's primary focus is increasing participation in the Supplemental Nutrition Assistance Program (SNAP). SNAP is our nation's first line of defense against hunger, stretching the monthly food budgets of all who meet program guidelines. Participants use an electronic benefits transfer (EBT) card to buy food from local stores and farmers' markets. NOEP works to increase participation in the School Breakfast Program and the Summer Food Service Program, which provide nutritious meals to school-aged children.

NOEP Coordinators:

- Promote SNAP
- Help applicants gather and copy the necessary documents for application
- Offer translation services, home visits, and in-person or over-the-phone assistance for applicants who need individualized help
- Work closely with local government offices to ensure that each application is processed correctly
- Identify and remedy barriers to SNAP participation
- Refer households to other nutrition assistance programs and community resources
- Collaborate with an array of local service providers

The HEAP year generally begins in November and closes when the program funding is exhausted, which can be as early as mid-March.

Regular HEAP There are no resource eligibility criteria for Regular HEAP. Regular benefit amounts range from \$20 to \$500. Amounts depend on income, age of household members, energy costs and shelter situation. Typically it is a **one-time only** benefit during the program year.

Emergency HEAP Emergency benefits are available for persons who are eligible for HEAP and have an energy-related emergency such as a power shutoff, less than ¼ tank oil, kerosene or propane or have less than 10 days' supply of wood, pellets or coal. Applicant households must meet a resource test. Benefit amounts vary. Typically it is a **one-time only** benefit during the program year.

HERR benefits are available to help low income homeowners repair or replace furnaces, boilers, and other direct heating components necessary to keep the home's primary heating source functional. Homeowners must reside in the home. All applicants receive a standard resource exclusion of \$3000.

How to Apply Temporary Assistance and SNAP (formerly known as Food Stamps) households generally receive their Regular HEAP grant automatically

through their case. Payments to households that pay for heat separate from their rent are sent to the heating vendor. Payments to households that have their heat included in their rent are paid directly to the household. To apply for Emergency HEAP, Temporary Assistance and SNAP recipients must contact the call center at 435-2700. See Emergency HEAP above.

Where to Apply Individuals under 60 may apply in-person between the hours of 8:00 - 4:00, Monday – Friday. Individuals that have received a benefit last season and **do not have an emergency** have mail-in rights and may call the office to have an application mailed. Individuals who **do not have an emergency and do not have mail-in rights may be interviewed by phone**. Please call 435-2700 Prompt #1 for more information.

If an individual cannot apply in person due to a handicap or because of his or her work schedule, a friend or relative may apply for them. The authorized representative must bring all necessary documents as well as a note from the individual they are applying for.

What to Expect If you qualify, your HEAP payment will be sent to your fuel/utility provider. It generally takes up to 3 months for the credit to appear on your bill.

Assisted Living in Onondaga County

Assisted Living Program

An assisted living program, which is available in some adult homes and enriched housing programs, combines residential and home care services. It is designed as an alternative to nursing home placement for individuals who historically have been admitted to nursing facilities for reasons that are primarily social, rather than medical in nature. The operator of the assisted living program is responsible for providing or arranging for resident services that must include room, board, housekeeping, supervision, personal care, case management and home health services.

Enhanced Assisted Living

Provides everything an Assisted Living Program does but is also allowed to do the following should a senior require assistance: Oxygen Therapy, Blood Pressure Checks, Indwelling Catheter Care, Nebulizer Treatment, Falls Management, One and Two Person Transfers, Blood Glucose Monitoring, Insulin Administration, Enema Administration, Foley Catheter Care, Suprapubic Catheter Care, Transdermal Patch Application, Internal Feeding via Peg Tube.

Memory Care

Memory Care communities, which include Alzheimer's care and Dementia care facilities, consist of specially designed living spaces and supporting environments for those who are living with cognitive challenges brought on by Alzheimer's and dementia. These may include carefully considered flooring to reduce problematic patterns for those with Alzheimer's or dementia and wall colors that help them to find the way. The dementia care environment helps cue its residents in their daily lives. Areas of the community are set up for safe engagement in activities such as gardening, kitchen work, and other life skills that provide purposeful and meaningful successful moments.

Enriched Housing Program

An enriched housing program is established and operated for the purpose of providing long-term residential care to five or more adults, primarily persons sixty-five years of age or older, in community-integrated settings resembling independent housing units. The program provides or arranges for the provision of room, board, housekeeping, personal care and supervision. Enriched housing programs may be operated by an individual, a partnership, a not-for-profit corporation, a public corporation, a non-publicly traded business corporation or a limited liability company.

Questions to Ask When Selecting a Nursing Home (Skilled Nursing Facility)

Admission

The nursing home administrator, admissions director or director of social services will be able to explain arrangements for your admission to the facility. If you are receiving care in a hospital, your doctor and the hospital social worker/discharge planner will assist in making arrangements for your placement, hopefully in the nursing home of your choice.

If you have questions about a nursing home contact your attorney, the nursing home administrator or admissions director to explain anything that you do not understand. The New York State Bar Association Referral Service as well as many local bar associations will provide you with a list of elder law attorneys. Call 800-342-3661 for information.

Paying For Nursing Home Care

If you have the means and plan to pay with your own funds, you will have a much better chance of getting admitted to the nursing home of your choice. Meet with an elder law attorney to get advice on estate planning, Medicaid, Medicare and long term care insurance before you apply to a nursing home.

Nursing homes charge a basic daily rate for the services they provide and these vary from home to home. Some homes have all-inclusive rates; others have a rate for room and board and add additional charges for physician's services, laboratory tests, physical therapy, prescription drugs, etc. Discuss with the home's admissions director, administrator or social worker what services are standard and what additional services might be required and what they cost.

Most homes require full financial disclosure from residents who will be paying privately. Since many nursing home residents who enter as private pay residents eventually use up their funds and go on Medicaid, the homes want to know how long the resident will be able to pay privately and when to apply for Medicaid. Once you are eligible for Medicaid, you have the right to have Medicaid pay for your care (if the home accepts Medicaid). When this happens, the nursing home should assist in completing the necessary forms.

In New York State, you may not be moved out of a nursing home because you have

exhausted your personal resources. Also, your spouse need not spend all his/her personal resources on your care if you are institutionalized.

The federal government is now permitting New York State to authorize Medicaid without someone exhausting his/her assets if that person first purchases a long-term care insurance policy authorized by the state. These policies vary in the coverage they provide and should be carefully examined before purchasing. In New York State, only a few policies are valid. The State Insurance Department publishes materials comparing long term care policies offered by different companies. Call 800-342-3736 for more information.

Medicare is a federal health insurance program for disabled people and people over age 65. Skilled nursing services must be needed on a daily basis to be eligible for Medicare. Medicare will pay a maximum of 100 days of care in an approved nursing facility for patients in need of skilled care following a hospitalization of at least three full days. To qualify, the patient must be admitted to the nursing home within 30 days of discharge from the hospital.

Many people leave a hospital and enter a nursing home expecting Medicare to continue to pay for health services. This is generally not the case. Medicare will not pay for a nursing home stay if it is determined that only custodial care is required, or if skilled nursing home care and/or rehabilitative services are needed only on a periodic basis. Under Medicare rules, the need for skilled nursing care must be daily. The program has a number of specifics about what services are included and requires that you be responsible for a co-payment.

For further information, contact your local Social Security office or call 800-772-1213 for a copy of the Medicare Handbook.

Nursing Home Transition & Diversion Medicaid Waiver

Arise – 315-671-4655 manages the Nursing Home Transition & Diversion Waiver program (NHTD.)

<https://www.ariseinc.org/nursing-home-transition-diversion-waiver-nhtd/>

It uses Medicaid funding to provide support and services to individuals who are nursing home eligible but would prefer to stay in or return to their homes. Waiver programs are specifically for people who would otherwise be in an institution (nursing home, hospital) for long-term care. The NHTD Waiver program includes additional support services, such as counseling, life skills training, structured day program, transition services, assistive technology, and more.

The NHTD Waiver was developed based on the philosophy that seniors and individuals with disabilities have the same rights as others, including the right to remain in control of their own lives and receive care in the least restrictive setting possible.

Regional Resource Development Center (RRDC)

The Nursing Home Transition Diversion (NHTD) Waiver program is administered through a network of RRDCs, each covering specific counties throughout the State. The RRDC at ARISE covers Onondaga, Oneida, Herkimer, Jefferson, Lewis, St. Lawrence, Oswego, and Madison counties. The staff at the RRDC accept referrals, complete intakes, determine eligibility and approve community-based service plans. The RRDC provides oversight to a network of agencies who provide the waiver services to eligible participants. These waivers provide an opportunity for individuals who are Medicaid eligible to receive services in the community rather than in an institution.

NHTD Waiver Eligibility:

- Be eligible for nursing facility level of care
- Be a Medicaid recipient
- Be 18 years or older, if between 18-64 documentation of a physical disability is required
- Choose to live in the community rather than a nursing facility
- Have or find a living arrangement which meets the individual's needs
- Be able to be served with the funds and services available under the HCBS/NHTD waiver and New York State Medicaid State Plan
- Not participate in another HCBS waiver

- **Medical Adult Day Care**

A licensed home care service agency provides nursing and home health aides for long term care. Although services may be similar to those offered by a Certified Home Health Agency, Licensed Home Care services are not reimbursed by either Medicare or Medicaid. Services are available to clients who have private insurance and those who pay privately. In some cases licensed agencies contract with local social services departments, or certified home health agencies, to provide services to persons with Medicaid coverage.

Note that home care agencies generally require several days' notice to complete a home care plan and to make the necessary arrangements for in-home services. **Many of these Agencies also offer Companion and Respite Care as well. Personal Emergency Response Systems

Personal emergency response systems provide emergency assistance with just a touch of a button. This small electronic device offers 24 hour security and peace of mind to individuals who live alone or who may be at risk during the day or night. This device is worn by an older adult who can activate it in case of an emergency. When triggered, a message is sent to a response station which immediately phones the older adult. If there is no answer, individuals listed will be called to check on the adult and if there is still no response, emergency assistance is immediately sent. Help is always available even for those unable to dial the phone. End of Life Issues

Palliative Care and Hospice

Palliative care is for patients and their families who are facing a potentially life threatening illness, but are at a stage where hospice care is not appropriate or desired. Active treatment options are still part of the care and the patient's life expectancy is often undetermined. Even during an active treatment program when the prognosis is hopeful and optimistic, patients and caregivers are still faced, often for the first time, with the possibility of having a terminal illness.

Hospice programs provide support and care for terminally ill persons and their families. They assist a person who is dying to do so with dignity. Hospice care may be provided at home, in some nursing facilities, or in a hospice facility. Services include pain relief, symptom management, home health care, respite care, counseling and homemaker services. Medicare provides some hospice benefits.

Amaus Dental Service is an outreach of the Cathedral of the Immaculate Conception. Their mission is to provide quality dental care to the members of our Central New York community who find themselves unemployed, homeless or without dental insurance. This care will be provided free of charge by volunteer dental professionals and support staff. The scope of the care they offer is limited to examinations, x-rays, hygiene (cleanings), fillings and routine extractions. They do not do root canals, replace any missing teeth, provide or repair dentures, nor extract wisdom teeth. They will not be able to address all of the dental needs of many of their patients, and it may be necessary for the patient to pursue further care on their own. They do have a very limited formulary of medications which includes basic antibiotics, and non-narcotic pain medication.

Crouse Hospital Outpatient Older Adult Recovery Service (OARS) – Age 55+

<https://www.crouse.org/services/chemical-dependency-treatment-services/special-populations/>

Abuse of alcohol and medications is often overlooked in older adults. A higher level of denial exists in the community and symptoms of this problem can differ from those displayed in younger individuals. Physiological challenges in older adults can make them more susceptible to the effects of alcohol. A decrease in muscle tissue and an increase in fatty tissue reduce an older body's ability to absorb and dispose of alcohol, resulting in a lower tolerance level.

Common signals of drug or alcohol abuse in people over 65 include:

- Falls or accidents
- Poor nutrition
- Inadequate self-care
- Social isolation

These symptoms can often be misdiagnosed as stereotypical signs of aging like dementia, depression, disorientation or confusion.

Crouse's Outpatient Older Adult Recovery Service (OARS) is staffed by specialists with experience in the treatment of chemically-dependent older adults. It provides an affordable and accessible program that takes into account the special treatment needs related to:

- Physical health
- Nutrition
- Spirituality
- Family and social relationships

Cost/Coverage Most private insurance, Medicare and Medicaid are accepted. A sliding fee scale is available for those without insurance.

Long Term Care Insurance

New York State Partnership for Long Term Care Insurance

1-866-950-7526 <https://nyspltc.health.ny.gov/>

The NYS Partnership for Long-Term Care (NYSPLTC) is a unique Department of Health program combining private long-term care insurance and Medicaid Extended Coverage (MEC). Its purpose is to help New Yorkers financially prepare for the possibility of needing nursing home care, home care, or assisted living services someday. The program works by allowing an individual or couple who has in the past purchased (as of 1/1/2021 NYS Partnerships Policies are no longer being sold) a Partnership Insurance Policy and keeps it in effect to hold onto all or part of their assets (depending on the type of policy purchased) under the Medicaid program if their long-term care needs extend beyond the period covered by their policy.

- Part B – Medical Insurance
- Part C – Medicare Advantage Plans
- Part D – Prescription Insurance

Medicare Part A (Hospital Insurance)

- **What it Covers:**
 - Inpatient Hospital Care
 - Post Hospital Skilled Nursing Facilities (not unskilled or long-term care) - Medicare doesn't cover long-term or custodial care in this setting
 - Hospice Care for people with a terminal illness. A Medicare-approved hospice usually gives hospice care in your home (or other facility like a nursing home).
 - Some Home Health Care - Limited to medically-necessary part-time or intermittent skilled nursing care, or physical therapy, speech-language pathology, or a continuing need for occupational therapy.

- Coverage is the same from State to State
- **What You Pay:**
 - FREE if you or your spouse have worked at least 10 years (40 quarters) in the U.S. (Up to \$506 monthly premium for those who do not get premium-free Part A.)
 - \$1,600 deductible and no coinsurance for days 1-60 of a hospital stay in a benefit period.
 - \$400 per day in the hospital for days 61 – 90 each benefit period.
 - No co-payment for the first 20 days in a Skilled Nursing Facility after a 3 day inpatient hospital stay. You pay \$200 per day for days 21 – 100 and all costs after the 100 days.

Medicare Part B: (Medical Insurance)

There are two kinds of Part B covered services:

- Medically-necessary services - Services or supplies that are needed to diagnose or treat your medical condition and that meet accepted standards of medical practice
- Preventive services – Health care to prevent illness or detect it at an early stage

- **What it Covers:**
 - Physician Services
 - Outpatient Hospital Care
 - Durable Medical Equipment
 - Ambulance Services, on a limited basis
 - Lab and Diagnostic Testing
 - Some Physical & Occupational Therapy
 - Some Home Health Care
 - Preventive Services
 - “Welcome to Medicare” physical exam
 - Yearly wellness visit
 - Bone mass measurement
 - Colorectal screenings
 - Diabetes screenings
 - Glaucoma tests
 - Mammograms
 - Pap test

- Influenza & pneumococcal shots
 - Smoking cessation
 - Prostate cancer screening
- Coverage the same from State to State
- **What You Pay:**
 - \$164.90 per month if you file an individual tax return and your income is \$97,000 or less or if you file a joint tax return of \$194,000 or less. (For 2023 it is based on your 2021 annual income). Premiums increase on a sliding scale for individuals in higher income brackets.
 - \$226 deductible.
 - 20% of the Medicare approved amount after the deductible is met
 - 20% for outpatient mental health care after the deductible is met
 - If you don't sign up for Part B when you are first eligible, you may have to pay a late enrollment penalty.

Medigap Supplement Plans

- Works as a supplement to Original Medicare Parts A & B
- May cover all co-payments after Medicare makes their payment
- Does not cover any non-Medicare Parts A & B services
- Does not cover prescriptions
- Standardized plans available through private insurance companies
- Open enrollment all year in New York State
- Anyone who becomes eligible for Medicare after 12/31/19 will not be able to enroll into Plans C, F or the high deductible F.

Medicare Part C : Medicare Advantage Plans (MA plans)

- Plans include:
 - Medicare HMOs – Health Maintenance Organizations
 - Must stay within their network of providers in most cases
 - Medicare PPOs – Preferred Provider Organization
 - Stay within the network for the lowest copayments, out of network would cost more
 - Medicare PFFS – Private Fee-for-Service
 - Can go to any provider within their network or any provider who will accept the plan

- Special Needs Plans – These are plans which limit their membership to people who live in certain institutions (nursing homes) or who are eligible for both Medicare and Medicaid.
- Private insurance companies administer your Medicare instead of the government; you need to have Medicare A & B.
- Plans must cover at least what Original Medicare covers, but may include additional benefits such as vision, dental and/or wellness and health programs
- Very strict marketing rules apply to these plans
- Some plans offer prescription coverage, while others do not
- Original Medicare covers Hospice care even if you are in a Medicare Advantage plan
- You cannot be sold a Medigap supplemental plan if you have a Medicare Advantage plan.
- For 2023, in Onondaga County, there are 46 plans from 8 different companies with monthly premiums ranging from zero to \$155.00. There are also one Medicare Savings Account and ten Special Needs Plans (institutionalized and dual eligible).

Medicare Part D: Prescription Drug Coverage

Medicare prescription drug coverage is available to everyone with either Medicare Part A or B or both. To get Medicare drug coverage, you must join a Medicare drug plan offered through a private insurance company. Plans vary in cost and drugs covered.

- Outpatient prescription drugs
- Different from Parts A and B
 - Part D is through a private insurer
- Two ways to get Medicare drug coverage:
 - If you have **Original Medicare:**
Stand-alone prescription drug plan (PDP)
 - If you have a **Medicare Advantage Plan:**
Must join the Part D Plan offered by your Medicare Advantage Plan.
Some exceptions apply.
- Very strict marketing rules apply to these plans
- For 2023, there are 19 plans from 7 different companies, ranging in monthly premium from \$10.90 - \$116.80.

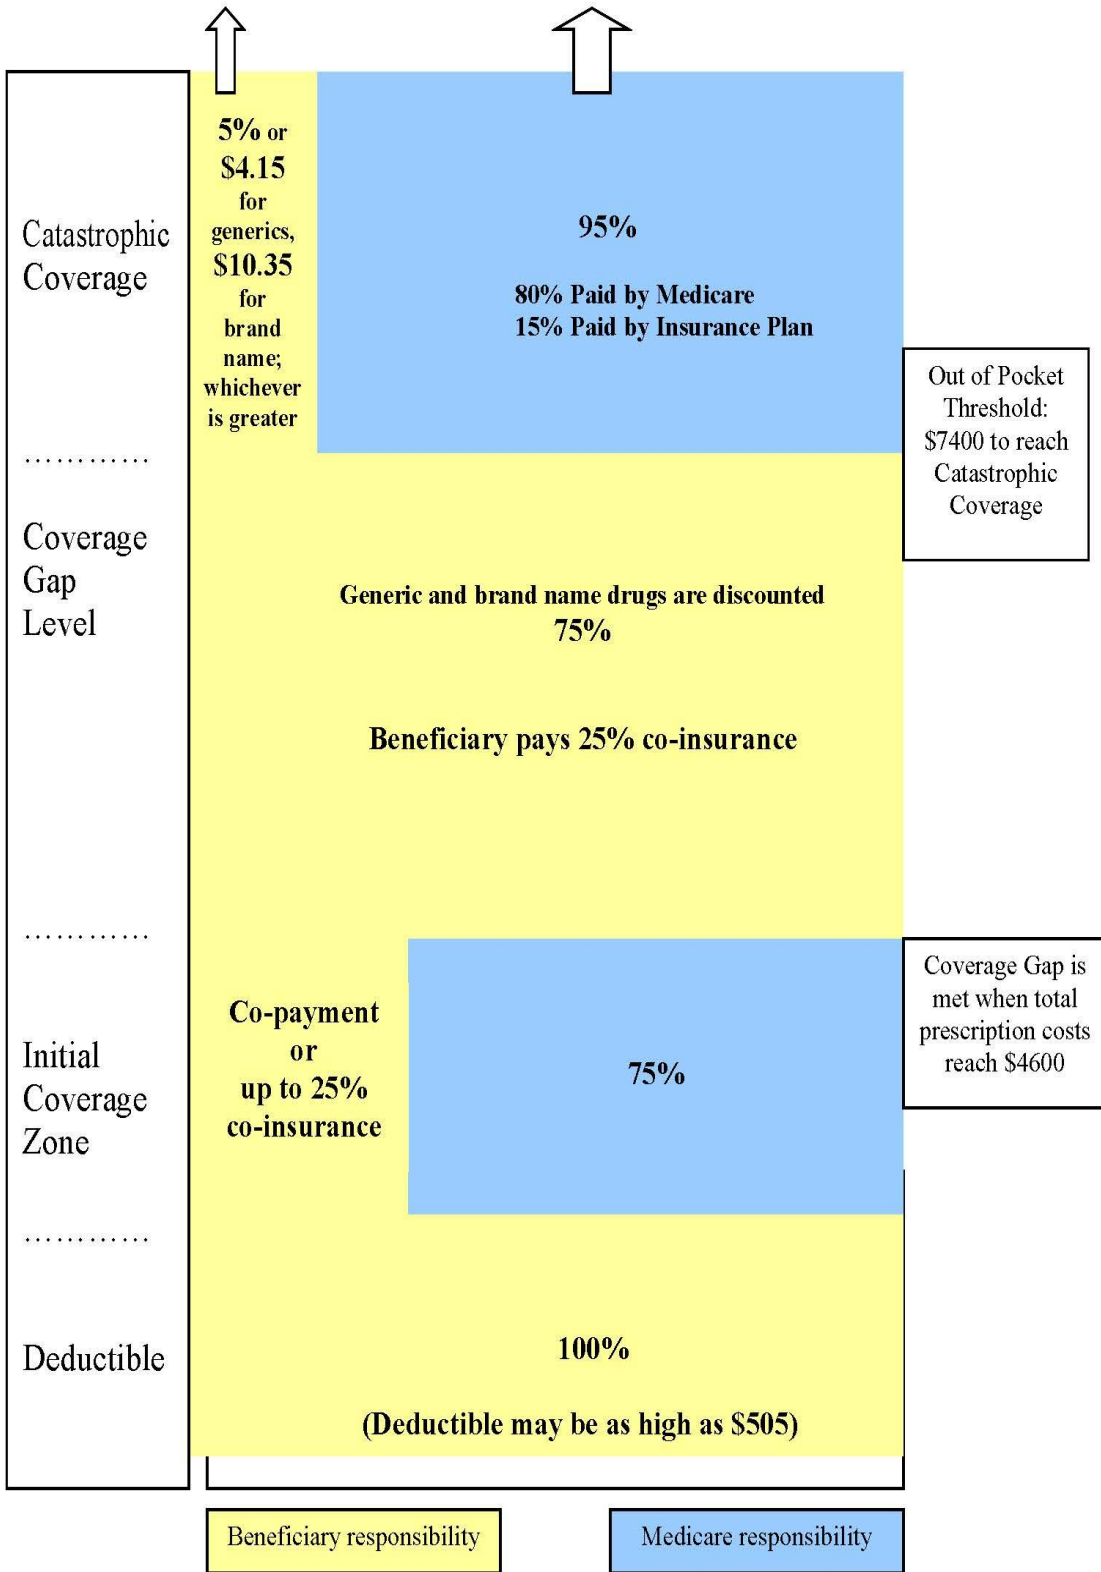

- Each Medicare PDP has its own formulary (list of covered drugs), which may include both brand name and generic drugs
- Medicare PDP's must offer at least 2 drugs under each drug class. In addition, each plan must cover a majority of drugs in the following classes:
 - Antidepressants
 - Anti-psychotics
 - Anticonvulsants
 - Anti-retrovirals
 - Anticancer
 - Immunosuppressants

Some groups of medications are specifically excluded from Medicare Part D plans:

- Most prescription vitamins and minerals (with the exception of prenatal vitamins and fluoride preparations)
- Prescription drugs used for - anorexia, weight loss or weight gain; fertility; cosmetic purposes or hair growth; relief of symptoms of colds

If you have drug coverage that is equal to or better than Medicare Part D, you have “creditable coverage” and will not need to enroll in Part D. Your employer/former employer or insurance company will let you know. Medicaid

Medicaid – Chronic Care Medicaid

<http://www.ongov.net/dss/medicalassistance/apply.html#chronic>

Onondaga County Office Building, 600 S. State St. 6th Floor,
Syracuse, New York 13202

Hours: 8:00 AM- 4:00 PM (Monday-Friday)

Telephone: 315- 435-2928 Fax: 315- 435-8530

The Medicaid Chronic Care Unit processes Medicaid applications for those individuals who are seeking help in paying for nursing home or long term home health care services.

Financial eligibility is determined based on the income and resource standards governing the Medicaid Program. A Supplemental Security Income recipient is granted Medicaid based upon his/her certification for SSI Benefits.

The amount of assistance that the Medicaid program will pay toward the cost of nursing home and/or home care services is determined using a comparison of the available income and resources of the applicant against the cost of the medical services needed. Since each financial and medical circumstance is unique, the regulations and policies governing what assets are exempt and what assets are used in the determination of eligibility vary, therefore, income and resource standards are not listed here. Anyone who needs financial assistance in paying for nursing home or long term home health care services is encouraged to contact the Medicaid office for consultation regarding their specific need for benefits.

Applications may be mailed. A face to face interview is not required. A pre-screening interview appointment is a courtesy service but is not required.

In Onondaga County, if you need to apply for Medicaid for a person who is already in a hospital or a nursing home or is receiving services from a Home Care provider, someone on the staff of one of these organizations usually can help you with getting a prescreening appointment with Medicaid. If they can't help, you can call the Medicaid Chronic Care office at 315-435-2928. The office is located on the 6th floor of the County Office Building, 600 S. State Street, Syracuse, NY.

When you request a Medicaid Chronic Care prescreening appointment, an application form will be provided to be completed and brought back at the time and date of the prescreening. The application will be asking questions regarding the income and resources of the person who is in need of Medicaid benefits. Documentation of income and resources will be required and should be brought

with you to the prescreening interview along with the completed Medicaid application. The agency can accept legible photocopies, but if originals are provided they will be copied and returned.

If the person who's in need of Medicaid can't attend the interview, the interview may be attended by someone who has Power of Attorney or who has written authorization enabling them to represent the applicant. The Power of Attorney papers, written authorization to represent, and identification of the authorized representative must be provided at the interview.

The law requires that you provide documentation to verify your sources of income, your assets, birth date, marital status, and citizenship, as well as some other items. Below is a list of some of the items that will be required. You will receive a detailed list when you receive the application to complete and a prescreening appointment date and time.

- Birth certificates for the applicant and spouse
- Social security cards for the applicant and spouse
- Alien registration card / I-94 card / Naturalization papers for the applicant and spouse
- Marriage certificate or separation papers or divorce papers
- Death certificate(s) of spouse(s)
- Veteran Discharge papers for applicant and /or spouse
- Power of Attorney Papers
- Written Authorization to Represent the Applicant
- Medicare and other health insurance cards and verification of monthly premiums
- Verification of ALL sources of income for the applicant and the spouse, such as but not limited to: wages, social security, pensions, veterans and military benefits, interest and dividend income. The gross amounts must be verified, with all deductions, and the frequency with which the income is received.
- Verification of ALL the assets of both the applicant and spouse MUST be documented.

If you are seeking nursing home services, monthly statements for all financial accounts for the 60 months prior to the date of application must be provided. This includes accounts currently closed but that were active at any time in the 60 month look back period. If the applicant or spouse set up a trust or are the beneficiaries of a trust, the trust document must be provided and all assets owned by the trust must be documented for the 60 months prior to the date of application. Examples of some types of assets that must be documented are (but not limited to): checking & savings accounts, CDs, stocks, bonds, mutual funds, retirement funds, annuities, life insurance policies, burial spaces, burial funds, all properties owned, vehicles, mobile homes and RVs.

At the prescreening interview, the application, as well as the necessary documentation, will be reviewed with you in detail. If, as a result of that review, there are more documents required to determine eligibility, a list of these outstanding documents will be given to you, and a length of time, usually two weeks, will be given to provide them. This is called the “pending period”. If you cannot obtain the required documentation within the time frame given by the Agency, you can request an extension of time which will be granted only if the agency feels there is justification that additional time is necessary.

After all the necessary documentation needed to determine Medicaid eligibility has been provided, a decision will be rendered by the Medicaid Office and a formal written notice will be mailed to the applicant, their representative, and the facility or home care provider involved.

If you are found eligible for ongoing Medicaid benefits or another Public Health Insurance Program you will be required to re-establish your eligibility at regular intervals as determined by the New York State Social Welfare law. This is called “Renewal”. You will receive notification of your renewal and a renewal form by mail. It must be returned by the date in the notice for your benefits to continue. Social Services law requires that you report any changes in your income, resources, third party health insurance, family composition and residence to the Medicaid office. You may also be contacted by the department if a computer income match indicates a change in your circumstances.

If you have any questions, you may contact the Medicaid Chronic Care Unit at 315-435-2928.

AccessCNY

1603 Court Street, Syracuse, NY 13208

315-21-1639

<https://www.accesscny.org/>

AccessCNY offers home care through its **Self-Direction** program. Self-Direction is an option that embraces AccessCNY's key principles of choice, inclusion, empowerment, and family involvement. This program gives individuals with disabilities their choice of services, empowering them to make their own decisions and have control over their own lives.

It is a person-centered approach that focuses on all aspects of service planning. Self-Direction gives participants and their families the power to use resources in ways that make sense in their lives.

A Self-Direction Broker brings together the most important people in a person's life in a circle of support to help plan a better lifestyle that allows them to contribute as equal citizens in their community. Participants then have more power in hiring support staff, choosing which services to receive, and allocating money from their budget. AccessCNY's Self-Direction approach helps participants manage their services and staff through initial and ongoing training.

The Self-Direction program manager will co-manage with the person to ensure that quality services are provided and help with conflict resolution. The program manager will work with the person towards the goal of increased control over their supports and services. Self-Direction offers traditional options for support, but strongly encourages people to be creative with their services. To qualify for SDPS, individuals must live in Onondaga County, and be enrolled in Medicaid, and the Home and Community Based Services Waiver.
