Certified Home Health Care Agencies

A certified home health care agency, or CHHA, is a licensed home health care agency that is certified by both Medicare and Medicaid. The services offered by a certified agency are medical and include nursing care, home health aides, physical therapy, occupational therapy, speech therapy, nutrition assistance, social work and respiratory therapy.

Those who are eligible for home care under Medicare *must utilize* a certified agency. Medicare has guidelines limiting home care payments. It may help pay for home health visits only if four specific conditions are met:

1. The home health agency providing services in participating in Medicare and certified in New York State.
2. The care needed includes intermittent skilled nursing care, physical therapy, speech therapy or occupational therapy.
3. Patient/consumer is confined to home.
4. A doctor's referral is necessary. A doctor determines home health care as medically necessary and sets up a treatment plan.

A nurse will conduct an assessment of the patient's physical condition, and the agency will then be able to advise which benefits and services are available under Medicare. There may be a fee for the nursing assessment - ask in advance. **Many of these Agencies also offer Companion and Respite Care as well. Call for more information.**

Licensed Home Health Care Agencies

A licensed home care service agency provides nursing and home health aides for long term care. Although services may be similar to those offered by a Certified Home Health Agency, Licensed Home Care services are not reimbursed by either Medicare or Medicaid. Services are available to clients who have private insurance and those who pay privately. In some cases licensed agencies contract with local social services departments, or certified home health agencies, to provide services to persons with Medicaid coverage. Private long term care insurance policies usually limit the length of time care is allowed. Note that home care agencies generally require several days' notice to complete a home care plan and to make the necessary arrangements for in-home services. **Many of these Agencies also offer Companion and Respite Care as well. Call for more information.**
