- LGBTQ Support
- Trauma and PTSD

Telemedicine visits with MDLIVE may be covered in the following ways:

Note: This is not a contract. It is intended to highlight the coverage for most plan options. Please refer to your contract for your plan's benefits.

Important Facts Regarding Your Authorization to Share Protected Health Information

- In order to comply with Federal HIPAA regulations health plans must obtain a member's permission to share his/her protected health information with any other person. There are limited exceptions to this.
- As permitted by law, we will continue to communicate to providers of care involved in your treatment: (1) our payment activities in connection with your claims, (2) your enrollment in our health plan and (3) your eligibility for benefits.
- Until a child reaches age 18, parents may access most of their child's health information without first obtaining the child's permission. However, regardless of the child's age, parents do not have access to diagnosis or treatment information for sexually transmitted diseases, abortion, and drug or alcohol abuse unless the child specifically authorizes the release of such information.
- This form is used to authorize us to share your protected health information. Each person you identify will have the same access to your information. If you would like each person to access *different* information or to have access to your information for a *different* period of time, you'll need to complete separate forms for each individual or time period.
- We will NOT disclose information relating to genetic testing, substance use disorder, mental health, abortion, and sexually transmitted disease information unless you initial the corresponding condition in Part D. If you would like to authorize us to release information regarding HIV/AIDS, New York State requires that a different form be completed. To obtain a copy of this form, please contact our office at the telephone number listed on your identification card, or access the form at the following website: <http://www.health.state.ny.us/diseases/aids/forms/informedconsent.htm>.
- If you need additional forms, you may copy this form, contact our office at the telephone number listed on your identification card or visit our Web site at <https://www.excellusbcb.com> and search for "Manage Your Privacy".
- Please ensure you have fully completed the form so that we may honor your request.

HEALTH PLAN TERMS

To help you better understand our plans and your coverage, here are a few definitions* for frequently used health care terms.

Primary Care Physician (PCP)

A doctor who serves as your health care manager and coordinates virtually all of the health care services you routinely receive. Some plans do not require you to choose a PCP.

Referral

Instructions provided by a PCP for specialty care. Most plans do not require referrals.

In-network coverage

The coverage available when you receive services from a provider who participates in your health plan.

Out-of-network coverage

The coverage available when you receive services from a provider who does not participate in your health plan. Some plans may not include out-of-network coverage.

Out-of-area

Describes when you receive services while outside the geographic service area of your health plan. Your plan benefits may differ if you live or work beyond the geographic service area.

Copay

A dollar amount due at the time you receive certain services. A typical example would be an office visit copay due when visiting your physician's office for treatment.

Allowed Amount

The maximum amount your health plan will pay for a specific service. In-network providers agree to accept the allowed amount as payment in full.

Coinsurance

A cost-sharing method that requires you pay a percentage of the allowed amount for certain medical services.

Deductible

A set dollar amount you pay for services you receive before your insurer will make a payment.

Out-of-pocket maximum

The maximum amount of copays, deductible and coinsurance payments that you will pay for health services each calendar year.

*Some definitions may vary slightly by plan. In case of a conflict between your legal plan documents and this information, the plan documents will govern.
