SUBJECT OF EXAMINATION: There will be a written test, which you must pass in order to be considered for appointment. The written test will be designed to test for knowledge, skills and/or abilities in the following areas:

1. Basic statistical concepts

These questions test for knowledge of the analytical methods used to reduce and describe large sets of numerical data. The questions cover such areas as the organization and presentation of data, statistical terminology, central tendency, variability, the normal curve, and correlation.

You will not be required to do any substantial manipulation of data.

2. Evaluating conclusions in light of known facts

These questions will consist of a set of facts and a conclusion. You must decide if the conclusion is proved by the facts, disproved by the facts or if the facts are not sufficient to prove or disprove the conclusion. The questions will not be specific to a particular field.

3. Preparing written material

For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. PRE-EMPLOYMENT DRUG TESTING / BACKGROUND INVESTIGATION: May be required for appointment or promotion.

SENIORITY RATING: Seniority points will be added on promotional exam scores to all passing candidates. Seniority rating is based on the length of continuous classified service in the jurisdiction in which you are employed as follows:

Less than 1 year = 0 points
1 year, up to 6 years = 1 point
Over 6 years, up to 11 years = 2 points
Over 11 years, up to 16 years = 3 points
Over 16 years, up to 21 years = 4 points
Over 21 years = 5 points

Seniority points will be calculated at the time of examination.

The promotional examination will be BAND SCORED. When a promotion examination is band scored, seniority credits are added to the raw score and not to the final score. Using this formula, the applicable seniority credits are added to the number of questions answered correctly (raw score) of passing candidates. This will result in a "total raw score," from which the final band score is determined. This is a change from the current practice of adding seniority credits to the final score.
