

Jeffrey Marier first became active in the Syracuse community as a result of his participation in the Leadership Greater Syracuse Class of 2009. He was elected to the Baldwinsville Central School District school board in 2011 where he currently serves as the School Board President. During his time on the Baldwinsville School Board, Jeffrey has also served as a member of several district committees to include Technology, Facilities, Policy, Communications and Health Insurance.

Jeffrey received his M.S. in Electrical Engineering from Syracuse University, a B.S. in Electrical Engineering from the University of Toledo (OH) and is currently an Electrical Engineer at Lockheed Martin in Liverpool, NY. He is also a US Air Force Persian Gulf veteran and an Eagle Scout.
