DEPARTMENT OF EMERGENCY MANAGEMENT_ PROGRAM AND FINANCIAL INFORMATION SHEET

PURPOSE:

To modify the Fiscal Year 2024 Budget to transfer \$200,000 from Legislative contingency into a project account identified by the Office of Management and Budget for the purpose of evaluating the public safety system and implementing supporting suggested improvements from the study.

OBJECTIVE/ WORK PLAN:

The Onondaga County Department of Emergency Management requests funding to conduct public safety system improvements. Onondaga County does not currently provide any EMS to the county, relying completely on 18 independent transporting ambulance agencies, which are a mix of 11 non-profit corporations, two (2) for-profit corporations, four (4) municipal fire-based, and one (1) collegiate based. There are 53 fire agencies in the county, of which the majority are Basic Life Support First Response agencies. At this time, there is not a county-wide EMS system in place in Onondaga County. This funding will provide the opportunity to conduct a study of the current EMS system and provide scalable, recommended improvements. The projected outcomes of this project are not only identify the strengths and weaknesses in the current system, but to also to provide the county with adequate resources and EMS sustainability.

FUNDING SOURCE:

\$200,000 - Local Funding

BUDGET:

\$200,000
