**Reserve Fund Build-Up Plan**

**Oneida Exclusivity Gaming Payments**

The county will commit a portion of the Oneida exclusivity gaming payments to support the Reserve Fund. These payments are currently dedicated to pay he debt service to the amphitheater. Those payments have exceeded the annual amp debt service since 2016 and resulted in a reserve of \$5M. We anticipate it will continue and the plan is for 75% of the excess to be put into the aquarium reserve fund.

**Aquarium Naming Rights**

One more source of funds for the aquarium will be from the sale of the aquarium's naming rights. Based on the greater visibility and the projected attendance numbers, we anticipate a conservative estimate of \$250,000- \$500,000 per year. It is the county's intention to dedicate annually 25% of these funds to the facility's reserve account with the balance targeted for support of attendance and educational programing at the aquarium for all county K-8 students.

**Aquarium Reserve Fund**

Economic impacts of the aquarium will include incresed attendee spending in the community which will result in additional county sales tax well in excess of \$250,000 per year. The county will set aside and commit \$250,000 from sales tax revenue on an annual basis to support the aquarium maintenance, capital improvements and if necessary, operational expenses.

Motion Made By Mr. McMahon, Mr. May

RESOLUTION NO. 171

DECLARING THE INTENT THAT SALES TAX REVENUES AND ONEIDA SETTLEMENT FUNDS IN EXCESS OF THOSE THAT ARE NECESSARY FOR THE ANNUAL DEBT SERVICE BE COMMITTED ANNUALLY FOR FUNDING A DEBT SERVICE RESERVE FOR THE LAKEVIEW AMPHITHEATER PROJECT

WHEREAS, Onondaga County is conducting a series of community revitalization projects for the western shore of Onondaga Lake (known also as the "Western Onondaga Lake Revitalization Effort"), and the Lakeview Amphitheater is being constructed as part of such effort, and, by resolution adopted on November 3, 2014, the County authorized the issuance of bonds to pay for costs associated with constructing the Lakeview Amphitheater; and

WHEREAS, pursuant to the recently passed Upstate New York Gaming and Development Act (Ch. 174, L. 2013) New York State will receive settlement payments from the Oneida Nation, and a portion of such settlement payments will be distributed to the several counties within the exclusivity zone pursuant to State Finance Law Section 99-h, and it is the intent that Onondaga County's share of these annual payments will be used to service the debt on the Lakeview Amphitheater beginning within the 2016 County Budget; and

WHEREAS, the amphitheater will generate new consumer spending by concert audiences both at the site of the Lakeview Amphitheater and at restaurants, hotels, motels, retail stores, and other businesses elsewhere in Onondaga County; and

WHEREAS, the economic contribution of such audience spending is expected to include the retention by Onondaga County of additional sales tax revenues in excess of \$150,000 per year; and

WHEREAS, to further reduce any risk that property taxes on the County's residents would at any time be needed to support debt service on the bonds issued for construction of the Lakeview Amphitheater, it is necessary to establish a policy whereby a portion of such additional sales tax revenues, as well as funds from the annual Oneida settlement payments received that exceed the amount necessary to service the debt on the Amphitheater, are set aside each year and reserved for the payment of principal and interest on such bonds, if needed; and

WHEREAS, Generally Accepted Accounting Principles (GAAP) provide for the County to take formal action by committing funds for a specific purpose, which commitment is binding unless removed in the same manner in which it is imposed; now, therefore be it

RESOLVED, that Onondaga County hereby declares its intent to set aside and commit \$150,000 from sales tax revenues on an annual basis for the purpose of establishing a reserve to be drawn upon only for debt service on Lakeview Amphitheater bonds, which amount will be in addition to any amounts from the Oneida settlement payments that exceed the amount necessary to service the debt on the Amphitheater bonds, and which will also be set aside, and that any legislation needed to establish and carry out such commitment will be considered within the County's annual budget process; and, be it further

RESOLVED, that such annual commitment will first occur after the completion of the first full season of events held in the amphitheater and will be discontinued after all debt on the Lakeview Amphitheater has been retired.

CLERK, COUNTY LEGISLATURE  
ONONDAGA COUNTY, NEW YORK

14 NOV -3 AM 11:02  
RECEIVED  
ONONDAGA COUNTY  
LEGISLATURE

My name is Mary Handley, Peck hill road, Jamesville.

I have lived in Onondaga county for 30 years, I love the area, the parks and all the it has to offer.

I have always followed the county and it decisions and always voted.

I have never come to a meeting or spoken publicly but I really can't sit by and watch this happen to my county, the place where I live, work and recreate.

I did not agree with spending the taxpayers money, \$85 million on a aquarium especially with the vote being 9-8 which tells me that ½ the county does not want this use of funding.

And now, with this increase , when the county executive promised us no increase, just seems like – enough is enough.

We have the highest poverty rate in the country, we have one of the highest mortality rates for infants, we have a high domestic violence rate but we are builing an aquarium?

It seems almost immoral to me to spend this kind of money on a recreation/education activity that our most needy people in Onondaga county would never use.

I was hear when Destiny was being build and the promises of revenue to the city and county. That never happened the way we were promised and now, it is a dying mall with violence and crime on the rise. People from this county will not even go to the mal anymore.

What is my point? My point is that we are bring told the same thing about the Aquarium and there is no sustainability. I tried to find a real plan for sustainability, in 10 years, how will it be paid for? There really is little information about that.

Some other ideas for 85 million – put 20 million into Tiny Homes for vets all over the county Lafayette, Jamesville, Camillus, Clay, where families live and would want their son or daughter or brother or sister living in their vicinity. You did a pilot project and were able to house Vets sustainable projec and it is a sustainable project.

Take 5 million and do a thorough study of poverty – not one through the county or state where people are aligned to political parties. Do a real one with an outside source who can dig deep and make real recommendations.

Take 10 million and make a beautiful park off of 481. Soon, many people will be passing through our county on 481 and a beautiful park off of Northern boulevard would serve everyone well in our county.

Please do not vote party lines. Vote for your constituents, the people who count on you to do the right thing.

I am writing to urge the legislators to vote against any funding for the proposed Aquarium project. This is a misappropriation of our money and will not be a significant benefit to the community. It will however, be a substantial windfall for a few well connected developers via their favorite politicians. We elected you to serve the publics interests, and this is clearly not doing it. Syracuse is a city with problems, we need real solutions and smart investment, not some dog and pony show. Camden NJ tried an aquarium 30 yrs ago...has it transformed Camden? As someone about to retire, I can tell you that soon you'll realize you had a short window to improve the world...and those chances dont come back. We're all depending on you legislators, make the decisions you can one day look back on and be proud of... this one isnt it. Remember, just because you can doesn't mean you should.

Dear Onondaga County Legislature,

Every day I read the local news and find something to either sadden or irritate me. The same is true this morning, with the exception that I'm so saddened, and so irritated that I'm compelled to write to the Onondaga County Legislature.

Today's headline is about the County Executive requesting the fronting of \$11 million dollars for the aquarium project. This headline comes four days after the news of December 13, 2024 indicating that Syracuse has the "worst child poverty rate", not in New York, but in the nation. The worst child poverty rate in the nation, and we of this county are spending millions of dollars on an aquarium. A home for aquatic life. Please. PLEASE!

I know the members of our legislature are intelligent, hard working and compassionate individuals, so it cannot be that this makes sense to you all. I'm just a retired public servant, resident of Pompey, mother and grandmother, and it makes absolute NO sense to me. It makes me sick and ashamed of our elected officials that would even consider this venture.

PLEASE, the taxpayers and residents of Onondaga County deserve a better use of their tax dollars. The "build it, they will come" reasoning is not acceptable. Destiny USA is evidence of that. It's dying and is not a destination for anyone. Really, will a tourist attraction such as an aquarium draw the masses to a city that boasts "the nation's worst child poverty rate." Maybe the children of Syracuse will enjoy it... wait, never mind.

Respectfully yours,

Donna Wassall

I would like the County legislature to vote against the taxpayer-funded loan for aquarium cost overruns.

I could live anywhere, but I choose to live in Syracuse and I do not intend to leave. I would like this one-time infusion of money to be spent on increasing housing, improving infrastructure, and poverty remediation. I have the ability to choose to live here, but I worry that my children will not. And where my children go, I go.

It's clear that public sentiment is not behind this aquarium and it is not going to be the driver of growth that we had once hoped for. Please don't chase bad money with good money. As the kids say, just take the L and move on with an actual investment plan to improve our city, county, and region for its current and future residents.

To the legislature,

As a taxpayer, I find the aquarium to be a waste of public funds. In a city with high levels of childhood poverty, an investment in a pet project that is unlikely-to-succeed looks bad at best, and is negligent at worst.

As an economist, this seems an impractical way to maximize the economic potential of the city.

Syracuse has the potential to be a dynamic, prosperous place. I can think of a wide array of ways to do this -- investing in human capital through training programs, investing in small businesses, investing in public infrastructure and parks. Given that forecasts way over estimate likely demand, the aquarium is not the way to do this. I urge the county legislature to vote against offering the loan.

Dear Sirs and Madams:

Please consider this email as a sweeping note of disapproval for the pending request before you to fund the Aquarium project \$11 million dollars. As a life long constituent of our county and a public educator, this project is a gross ego driven perspective that would do nothing more than divide our community beyond its current status. Please allow me to explain.

I work as a Restorative Practice Specialist in the North Syracuse School district. My role provides me a great opportunity to not only work with students but their families. Before this role I was a school leader, a family engagement specialist and a music teacher. Relationships have been at the focal point of my career.

I have watched the divide between the haves and the have nots in our community increase within the past 20 years. I have families in my school radius in desperate need for either more attention to the code enforcement w their homes they are renting, or in need of affordable housing that can accommodate an expanded family unit.

As a daughter of a dementia parent, I have also witnessed the need for quality programming and supports for so many in our community to provide our elderly with swift and accessible care.

As that teacher I mentioned , our child protective agency is incredibly necessary, yet at a recent meeting with the county commissioner she shared that 60% of her work force is new to the role. When asked why that was, it was clear the current staff is over worked and greatly under paid.

Finally, as I drive to my school every day, Mattydale has not only turned into a food and retail desert in what was a thriving suburban neighborhood to the city, but the need for our public transportation to offer a safe pickup along Route 11 can be witnessed daily. Three stops hug this busy thoroughfare and on inclement days I cringe at the sight of people huddled on a road where no side walk exists.

Our community deserves a dignified debate and hearing to this matter, one that can be attended by those of us who advocate for a brighter opportunity for all. Likewise, I truly believe that if the Legislature put this to a public vote, it would not pass and would be soundly defeated. We need better for our community and an Aquarium will not enrich the lives of the people divided economically within

our county. Imagine what all of this investment COULD do if designated for the various concerns I brought forth!

I hope that I might have an opportunity to discuss my feelings on a more personable level with any and all that might be inclined to listen. Please feel free to reach out. My wishes for all of you in this decision is to lead with the compassion we need in leadership.

Thank you for considering this comment. I wish you all a safe and happy season of celebration.

With great appreciation of your time,  
Natalie Walters

To Whom It May Concern in the Onondaga County Legislature,  
I'm writing in response to a Syracuse.com article this morning about the proposed voting to approve for \$11 million more for the aquarium. I would respectfully request that you vote no on this. The aquarium seems ill advised and the fact that there isn't enough money right now should tell you that this is not a good idea for our county. Please stop asking for taxpayers to pay for something most do not want. Please use our tax money to improve our streets, buildings, crime, homelessness, and the quality of our experience in living in Syracuse and Onondaga County. We already have a world class zoo, and another attraction is just not going to help us. I would urge you to consider what will improve life for Onondaga County residents who are already here. Happy residents tell others why they like living here, not the fancy unnecessary things. Please send the message to McMahan that Onondaga County deserves to have its tax money be spent for the people. Thank you for your time.

I don't think we can count on the County Executive's assertion that this money will be paid back by corporate sponsors.

To the Legislature:

I respectfully request that you do not approve any additional funding for the Inner Harbor aquarium. Considering Syracuse has the highest rate of child poverty in the U.S. for large cities, this project should not take precedent over the needs of our children.

Ryan McMahon asking for another \$11 million for an aquarium the area does not need is tone deaf and irresponsible in light of the greater issue facing our community. Please do not approve this request.

To whom it may concern:

I am writing to ask the Legislators to vote "NO" on the additional \$11 million in funding for the proposed aquarium. Construction costs are very high and the project is already over budget. Please vote "NO" to allow funding for far more important agenda items such as affordable housing, lead abatement, and even a different approach to future revitalization of the area as our region accepts a large employer and additional residents. An aquarium is NOT what the community would like to support.

Good morning,

I am writing as a resident of Onondaga County (4859 McDonald Road, 13215) to implore our Legislature to vote "No" to allocate additional funds to the aquarium, a project that offers no public benefit to county residents. Anyone paying attention has seen countless stories about housing that is inadequate, dangerous, and grossly unaffordable in the county, which means that funding an aquarium amounts to fiscal irresponsibility.

The Legislature is dominated by a party that defines itself in terms of fiscal responsibility, so I appeal to these values. Fund initiatives that will change the affordable housing landscape in the city of Syracuse and across the county.

I'm writing to express my earnest hope that you will vote against the \$11 million request for funding for the aquarium. This project should not go forward. The sacred lake has already been the site of environmental disaster and continues to be used as a stolen resource of profiteers through the amphitheater, mall, among the many others. The aquarium is a short sighted project that ignores the need for reparations to the Onondaga Nation and is completely unnecessary for our city. Please do not commit any more funding to something that is detrimental to our city and the history of the Haudenosaunee people.

Sincerely,

Dear Onondaga County Legislature,

I am writing as a concerned Onondaga County citizen and property owner in the City of Syracuse. I urge you to vote no to the last minute proposal for an additional \$11 million dollars in funds to be allocated to the Aquarium project.

We have many needs in our county, and an aquarium does not even come close to making the list. Syracuse has the highest child poverty rate in the country. We have aging and dangerous infrastructure, lead pipes that deliver drinking water to our homes, a shortage of affordable housing, and a growing problem with drug addiction and homelessness. These are the issues that could most use additional funding. Please simply look around you to see the greatest need.

Sincerely,  
Janine Jarvis

Dear Onondaga County Legislators,

I'm a resident of Syracuse and am very concerned about the proposed increase in funding for an unnecessary project.

Syracuse has recently been listed as the child poverty capitol of the United States. Even the suburbs are inadequately housed.

Our county can help lift families out of their desperate financial situation by putting any funds we have toward affordable housing.

Thank you for considering my opinion,

I am writing this morning regarding the vote to be taken this afternoon to allocate more funds for the building of the Aquarium.

As a resident of this county, I am disappointed that we are investing in this project to this degree, rather than using the money for direct action for families and residents in need in our communities (affordable housing is just one of the needs). I think this is an opportunity to make a difference, and the expectation that the trickle down effect from this project will make a difference seems ill-conceived.

I hope that you will listen to the constituents of this county and their lack of support for this, and vote against this allocation.

Thank you.

To the Onondaga County Legislature,

It has come to my attention that you are voting today to dump more funds into the unpopular, hairbrained aquarium project.

May I suggest an alternative. There are plenty of potholes on my commute to work. Perhaps you could put fish in them. They're even already full of water, so you won't even have to pay for that. I recommend ocean fish since all the road salt probably makes the potholes salty.

Since we barely seem to have money for road maintenance, this seems like a win-win without having to allocate further funds for building Versailles for fish.

Good morning,

It was only released a few days ago that Syracuse has the worst child poverty among larger US cities at 45.6%.

According to a Bank of America analysis, cited by CNN in October 2024, about 1/5th of households earning more than \$150k a year are living paycheck to paycheck.

According to the 2025 Onondaga County CSEA employee Hourly Salary Schedule, for a county employee to fall even close to a \$150k income, they would have to have a 2 income household, both adults being at least a Step 13.

Not even you all make as much as a Step 13, as elected officials who are tasked with leading our county and taking care of your constituents.

The median household income in Onondaga County is \$74,740. Looking at the above numbers, knowing 20% of households making at least \$150k a year, we can only assume that many of us are struggling to make it day to day.

Many of us will not be able to comfortably afford to even buy our families tickets to this aquarium.

The closest aquarium to us is VIA Aquarium in Schenectady, NY. Adult tickets run \$21/ticket, while child tickets run \$15/ticket. If the tickets for your aquarium are comparable, families of 3-4 can expect to spend around \$100, including refreshments.

This is all just to say, 11 million dollars is a lot of money. We understand that you believe it will bring in revenue and bring tourists. However, Destiny USA is floundering despite the tourists it brings in.

The people of Onondaga County are struggling; our homes are in disrepair. Our kids are struggling, our adults are homeless.

Why would people want to visit here, when your constituents are begging for money on almost every street corner?

Why would they visit here after seeing us in the news for record child poverty rates?

We cannot afford to bank on a long term revenue generated from an aquarium lacking sponsors that will sit in the smelliest part of the city.

We need help now. We are sad and frustrated watching you pour money into some lackluster far-off goal when we are hungry now.

Please listen when we ask you to say No to another 11 million going into the aquarium.

There are so many other things we could do with that money, there are so many lives that could be helped.

Say no.

Thank you.

To the Onondaga County Legislature:

I am asking that the Legislators vote NO on Amending the 2024 County Budget to Accept Funds for the Aquarium and Authorizing the County Executive to Enter into Agreements to Implement this Resolution (\$11,000,000).

No, Onondaga County should not allocate an additional \$11 million dollars to the building of an aquarium. It was already problematic and unfortunate for residents of our county when the aquarium project was approved. Going over the budget and allocating more funds goes beyond the pale.

Building an aquarium in Syracuse, a city with the nation's worst child poverty rate among larger U.S. cities, was already a signal that the county preferred a vanity project instead of addressing the basic, essential needs of children living below the poverty line in Syracuse. Allocating more money to the aquarium is again sending the clear message that our loval government is not prioritizing the safety and well-being of our children and families.

We need affordable, safe housing for families and seniors. We need medical (including dental and mental) care. We need lead remediation in buildings and replacement of lead service lines to homes. We need layered support programs for our residents. We do not need an aquarium that most of us will not be able to visit.

Please vote NO on the addition \$11,000,000 being requested for the aquarium. The aquarium is NOT a common sense, fiscally responsible expenditure.

### **Short Environmental Assessment Form Part 3 Determination of Significance**

For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

The County of Onondaga is proposing to sell approximately 5,831 sq ft of surplus County highway property in the Town of Dewitt, identified as a portion of the Kinne Street ROW in the vicinity of 6741-6751 Kinne Street, a County road, as shown on the attached Map. The proposed action involves only the transfer of surplus County highway property to the adjoining owner for use thereof. As such, the County issues this negative declaration for purposes of Article 8 of the Environmental Conservation Law because the sale of the property is an Unlisted Action which will not result in any significant adverse environmental impacts.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF ONONDAGA, AS FOLLOWS:

Section 1. New York State Municipal Home Rule Section 10 authorizes the County to establish qualifications for all Onondaga County Deputy and Assistant County Attorneys. In the interests of the County, it is desired to authorize a Deputy or Assistant County Attorney to reside in a different county at the time of hire and for a limited time during his/her employment, after which time any such Deputy or Assistant County Attorney shall be required to be a resident of Onondaga County.

Section 2. The provisions of New York State Public Officers Law Section 3 and Section 30, and Local Law No. 6 of 2002, requiring a person to be a resident of the political subdivision for which they shall be chosen shall not prevent an Onondaga County Deputy or Assistant County Attorney from being hired by the Department of Law, or holding said position for the limited time authorized herein (the “residency exemption”). The residency exemption shall cease six (6) months from the date of hire, and any person previously hired as a Deputy or Assistant County Attorney shall comply with the provisions of New York State Public Officers Law Sections 3 and 30, and Local Law No. 6 of 2002, and shall reside within Onondaga County for the remaining term of employment. For purposes of clarity, any person serving as Deputy or Assistant County Attorney shall reside within Onondaga County within six (6) months of being employed by the County of Onondaga.

Section 3. This Local Law shall sunset and be deemed to have expired and of no further force and effect three (3) years after adoption.

Section 4. This Local Law shall take effect immediately and shall be filed pursuant to the provisions of New York State Municipal Home Rule Law.
