A RESOLUTION APPROVING THE PROPOSED LEASING OF SEWER SYSTEMS FROM CERTAIN MUNICIPALITIES WITHIN THE ONONDAGA COUNTY CONSOLIDATED SANITARY DISTRICT

WHEREAS, pursuant to Article 11-A of the Onondaga County Administrative Code, the Commissioner of the Department of Water Environment Protection (the "Commissioner") has prepared and submitted to this Onondaga County Legislature a Report dated November 12, 2020 (the "Report"), duly approved by the County Executive, recommending the acquisition via forty-year lease, with option to renew for four additional ten-year terms and at a cost of one dollar per year, of the sanitary sewer infrastructure within the Onondaga County Consolidated Sanitary District (the "CSD") owned by the Town of Van Buren, Town of Lysander, and Village of Baldwinsville, all as more fully set forth in the Report; and

LOCAL LAW NO. 2 - 2021

A LOCAL LAW AUTHORIZING THE LEASE OF SEWAGE DISPOSAL SYSTEMS FROM CERTAIN MUNICIPALITIES WITHIN THE ONONDAGA COUNTY CONSOLIDATED SANITARY DISTRICT FOR COUNTY PURPOSES

BE IT ENACTED BY THE COUNTY LEGISLATURE OF THE COUNTY OF ONONDAGA, AS FOLLOWS:

Section 1. Purpose. A well-maintained public sewer system is a valuable community asset. The purpose of this local law is to lease, for county purposes, public sewage disposal systems owned by certain municipalities, thereby enhancing opportunities for economic development and regional prosperity.

Section 2. Findings. The Baldwinsville Seneca Knolls and Metropolitan Syracuse service areas are located within the Onondaga County Consolidated Sanitary District. The Town of Van Buren, Town of Lysander, and Village of Baldwinsville, or portions thereof, are located within the Baldwinsville Seneca Knolls and/or Metropolitan Syracuse service areas ("Participating Municipalities"). The Participating Municipalities own and operate sewage disposal systems, in varying degrees of age and condition, which ultimately convey sewage to the County-owned Baldwinsville Seneca Knolls and/or Metropolitan Syracuse wastewater treatment plants.

Leasing the Participating Municipalities' sewage disposal systems to the County allows for increased economies and efficiencies. Properly maintained sewers prevent inflow and infiltration from entering the sewer system, thereby protecting the County from expending limited financial resources to treat clean water and preventing the County and its ratepayers from incurring unnecessary and costly facility expansion expenses. In addition, the County is responsible to state and federal regulators for the "end of pipe" treatment plant discharges, with the County, as well as the Participating Municipalities, subject to fines and penalties for system malfunctions and/or permit exceedances. Challenges amplify during wet weather conditions, where increased flows become unpredictable in quantity and quality. Leasing the Participating Municipalities' sewage disposal systems to the County allows for enhanced capacity management and improved compliance, in addition to promoting stewardship of the natural resources enjoyed by the community as a whole.

Section 3. Leases and Agreements Authorized. The leasing, for county purposes, of the sewage disposal systems within the Onondaga County Consolidated Sanitary District (CSD) owned by the Town of Van Buren, Town of Lysander, and Village of Baldwinsville is hereby authorized. The leased sewage disposal systems include sanitary sewers and exclude stormwater conveyances, with the exception of public combined sanitary/stormwater conveyances existing at the time of the effective

date of the lease with the respective municipality and until any such public combined sanitary/stormwater conveyance is separated, at which time the separated sanitary sewer conveyance is included within the respective lease and the separated stormwater conveyance excluded from said lease. The leases further include the real and personal property comprising or related to such leased sewage disposal systems and consist of, inter alia, all land, buildings, basins, pump stations, outfalls, storage facilities or mechanisms, structures, fixtures (including interceptors and collection lines), improvements, and real property interests such as easements, access rights, rights of way, permits, licenses and leases. The leases are for a period not to exceed forty (40) years, with four (4) possible consecutive renewals of ten (10) years each. The leases authorize the County, if and as may be agreed to by the County Executive, to pay each Participating Municipality an amount not to exceed \$200,000 to be used towards sewage disposal system debt obligations remaining after the use of each Participating Municipality's existing surplus sewer funds to reduce or retire such outstanding debt. Alternatively, at each Participating Municipality's election and in conjunction with a village main street or a town center or hamlet development project, the County may perform up to Two Hundred Thousand dollars (\$200,000.00) worth of WEP-approved green infrastructure projects. The consideration for the leases shall be one dollar per year and the continued benefit to the public of a long-term, strong and sustainable sewer system and the anticipated efficiencies and cost savings to be gained from consolidated administration and operation of the sewer assets. The County Executive is authorized to enter in said leases and such other documents and agreements reasonably necessary to effectuate the leases and implement the intent of this local law.

Section 4. Effective Date.

This local law shall take effect upon filing, consistent with the provisions of Municipal Home Rule Law.

MEMORIALIZING RESOLUTION OPPOSING THE REMOVAL OF THE CANTON STREET BRIDGE, TOWN OF VAN BUREN, OVER THE NEW YORK STATE THRUWAY

Onondaga County Legislature  
401 Montgomery Street, Room 407 Court House  
Syracuse, New York 13202

RE: County of Onondaga and its Sheriff and the Deputy Sheriffs Benevolent Association of Onondaga County, Inc. ("DSBA")  
Request for Legislative Hearing and Determination

Dear Ms. McNamara:

Pursuant to Section 209(3)(e) of the New York Civil Service Law, as the Chief Executive Officer of Onondaga County (the "County"), I hereby refer the above-referenced matter to the Onondaga County Legislature for the purpose of requesting that a public hearing be held for calendar year 2019.

April 6, 2021

66

At the conclusion of each hearing, I request that the Legislature issue a legislative determination regarding the terms and conditions of employment for the DSBA bargaining unit members for this time period.

The most recent collective bargaining agreement between the County and D SBA expired on December 31, 2018. Following the expiration of that agreement, the parties engaged in negotiations for a successor agreement: This process proved unsuccessful and resulted in a bargaining impasse. The subsequent mediation process implemented by the New York Public Employment Relations Board ("PERB") was also unsuccessful, and PERB ultimately appointed Marc Reitz to serve as Fact-Finder. On February 22, 2021, Mr. Reitz issued his Fact-Finding Report and Recommendations (Attached hereto as Exhibit A.) The Report and Recommendations are not acceptable as written, and are therefore rejected.

Pursuant to the Taylor Law, the Legislature is prohibited from imposing a settlement with terms that would diminish employee rights under the parties' expired collective bargaining agreement: As such, it is my recommendation that the Legislature settle this impasse with the following terms and conditions for calendar year 2019: 0% increase to wages and no other changes.

Thank you in advance for your participation in this important process.

Sincerely,  
J. RYAN McMAHON, II  
Onondaga County Executive

RESOLUTION NO. 34

REQUESTING NEW YORK STATE TO AMEND SECTION 931 OF THE REAL PROPERTY  
TAX LAW TO INCLUDE MORTGAGE INVESTING INSTITUTIONS AND AUTHORIZE THE  
SINGLE PAYMENT OF SCHOOL AND VILLAGE TAXES IN THE MANNER PROVIDED  
THEREIN

WHEREAS, pursuant to New York State Property Tax Law (RPTL) § 931, the Onondaga County Treasurer is authorized to receive a single payment from certain utility corporations to satisfy the tax owed for multiple parcels within the County; and

WHEREAS, pursuant to RPTL § 955, mortgage investing institutions, as that term is defined in RPTL § 952, may pay to the local collection officer taxes due on multiple properties within such officer's jurisdiction by single instrument; and

WHEREAS, mortgage investing institutions and utility corporations are typically responsible for paying taxes on multiple properties located within a county and its municipal subdivisions, yet mortgage investing institutions, unlike utilities, are not permitted to pay taxes by single instrument on a county-wide basis; and

WHEREAS, the single payment of taxes authorized by RPTL § 931, as well as RPTL § 955, does not extend to school district and village taxes; and

WHEREAS, not permitting mortgage investing institutions to make a single tax payment for multiple parcels to the county treasurer on a county-wide basis and not authorizing the single payment of school district and village taxes results in a substantial burden to, and increase in administrative expenses for, such institutions and utilities as well as the taxing jurisdictions, especially when considering the number of municipalities located in New York State and its 62 counties; now, therefore be it

RESOLVED, that this Onondaga County Legislature hereby requests the New York State Legislature to amend the RPTL to authorize mortgage investing institutions to make a single payment to the county treasurer to satisfy the tax owed on more than one parcel within a county and/or to permit the payment of school district and village taxes in the same manner; and, be it further

  - A. It is the policy of both the Municipality and the State of New York (the "State") to achieve energy efficiency and renewable energy improvements, reduce greenhouse gas emissions, mitigate the effect of global climate change, and advance a clean energy economy. The Municipality finds that it can fulfill this policy by providing property assessed clean energy financing to Qualified Property Owners (as defined below) for the installation of renewable energy systems and energy efficiency measures. This local law establishes a program that will allow the Energy Improvement Corporation (as defined below, "EIC"), a local development corporation, acting on behalf of the Municipality pursuant to the municipal agreement (the "Municipal Agreement") to be entered into between the Municipality and EIC, to make funds available to Qualified Property Owners that will be repaid through charges on the real properties benefited by such funds, thereby fulfilling the purposes of this local law and accomplishing an important public purpose. EIC, on behalf of the Municipality, and with the consent of the Benefited Property Owner, will record a Benefit Assessment Lien on the Benefited Property in the Secured Amount (the “Benefit Assessment Lien”) on the land records for the Municipality. Such recording shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality.
- B. Before a Qualified Property Owner and a Financing Party enter into a Finance Agreement which results in a loan to finance a Qualified Project, repayment of which is secured by a Benefit Assessment Lien, a written consent from each existing mortgage holder of the Qualified Property shall be obtained, permitting the Benefit Assessment Lien and each Annual Installment Lien to take priority over all existing

mortgages.

§4. Procedures for eligibility

- A. Any property owner in the Municipality may submit an application to EIC on such forms as have been prepared by EIC and made available to property owners on the website of EIC and at the Municipality's offices.
- B. Every application submitted by a property owner shall be reviewed by EIC, acting on behalf of the Municipality, which shall make a positive or negative determination on such application based upon the criteria enumerated in the Enabling Act and §5 of this local law. EIC may also request further information from the property owner where necessary to aid in its determination.
- C. If a positive determination on an application is made by EIC, acting on behalf of the Municipality, the property owner shall be deemed a Qualified Property Owner and shall be eligible to participate in the Program in accordance with § 6 of this local law.

§5. Application criteria

Upon the submission of an application, EIC, acting on behalf of the Municipality, shall make a positive or negative determination on such application based upon the following criteria for the making of a financing:

- A. The property owner may not be in bankruptcy and the property may not constitute property subject to any pending bankruptcy proceeding;
- B. The amount financed under the Program shall be repaid over a term not to exceed the weighted average of the useful life of Renewable Energy Systems and Energy Efficiency Improvements to be installed on the property as determined by EIC;
- C. Sufficient funds are available from Financing Parties to provide financing to the property owner;
- D. The property owner is current in payments on any existing mortgage on the Qualified Property;
- E. The property owner is current in payments on any real property taxes on the Qualified Property; and
- F. Such additional criteria, not inconsistent with the criteria set forth above, as the State, the Municipality, or EIC acting on its behalf, or other Financing Parties may set from time to time.

§6. Energize NY Finance Agreement

- A. A Qualified Property Owner may participate in the Program through the execution of a finance agreement made by and between the Qualified Property Owner and a Financing Party, to which EIC, on behalf of the Municipality, shall be a third-party beneficiary (the "Finance Agreement"). Upon execution and delivery of the Finance Agreement, the property that is the subject of the Finance Agreement shall be deemed a "Benefited Property").
- B. Upon execution and delivery of the Finance Agreement, the Benefited Property Owner shall be eligible to receive funds from the Financing Party for the acquisition,

construction, and installation of a Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, provided the requirements of the Enabling Act, the Municipal Agreement and this local law have been met.

C. The Finance Agreement shall include the terms and conditions of repayment of the Secured Amount and the Annual Installment Amounts.

D. EIC may charge fees to offset the costs of administering the Program and such fees, if not paid by the Financing Party, shall be added to the Secured Amount.

§7. Terms and conditions of repayment

The Finance Agreement shall set forth the terms and conditions of repayment in accordance with the following:

A. The principal amount of the funds loaned to the Benefited Property Owner for the Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, shall be specially assessed against the Benefited Property and will be evidenced by a Benefit Assessment Lien recorded against the Benefited Property on the land records on which liens are recorded for properties within the Municipality. The special benefit assessment shall constitute a “charge” within the meaning of the Enabling Act and shall be collected in annual installments in the amounts certified by the Financing Party in a schedule provided at closing and made part of the Benefit Assessment Lien. Said amount shall be annually levied, billed and collected by EIC, on behalf of the Municipality, and shall be paid to the Financing Party as provided in the Finance Agreement.

B. The term of such repayment shall be determined at the time the Finance Agreement is executed by the Benefited Property Owner and the Financing Party, not to exceed the weighted average of the useful life of the systems and improvements as determined by EIC, acting on behalf of the Municipality.

C. The rate of interest for the Secured Amount shall be fixed by the Financing Party in conjunction with EIC, acting on behalf of the Municipality, as provided in the Finance Agreement.

§8. Levy of Annual Installment Amount and Creation of Annual Installment Lien

A. Upon the making of the loan pursuant to the Finance Agreement, the Secured Amount shall become a special Benefit Assessment Lien on the Benefited Property in favor of the Municipality. The amount of the Benefit Assessment Lien shall be the Secured Amount. Evidence of the Benefit Assessment Lien shall be recorded by EIC, on behalf of the Municipality, in the land records for properties in the Municipality. Such recording shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality. The Benefit Assessment Lien shall not be foreclosed upon by or otherwise enforced by the Municipality.

B. The Finance Agreement shall provide for the repayment of the Secured Amount in installments made at least annually, as provided in a schedule attached to the Benefit Assessment Lien (the “Annual Installment Amount”). The Annual Installment Amount shall be levied by EIC, on behalf of the Municipality, on the Benefited Property in the same manner as levies for municipal charges, shall become a lien on the Benefited Property as of the first day of January of the fiscal year for which levied

(the “Annual Installment Lien”) and shall remain a lien until paid. The creation or any recording of the Annual Installment Lien shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality. Payment to the Financing Party shall be considered payment for this purpose. Such payment shall partly or wholly discharge the Annual Installment Lien. Delinquent Annual Installment Amounts may accrue Financing Charges as may be provided in the Finance Agreement. Any additional Financing Charges imposed by the Financing Party pursuant to the Finance Agreement shall increase the Annual Installment Amount and the Annual Installment Lien for the year in which such overdue payments were first due.

- C. The Benefit Assessment Lien shall be reduced annually by the amount of each Annual Installment Lien when each Annual Installment Lien becomes a lien. Each Annual Installment Lien shall be subordinate to all Municipal Liens, whether created by Section 902 of the RPTL or by any other State or local law. No portion of a Secured Amount shall be recovered by the Municipality, EIC, or an assignee upon foreclosure, sale or other disposition of the Benefited Property unless and until all Municipal Liens are fully discharged. Each Annual Installment Lien, however, shall have priority over all Non-Municipal Liens, irrespective of when created, except as otherwise required by law.
  - D. Neither the Benefit Assessment Lien nor any Annual Installment Lien shall be extinguished or accelerated in the event of a default or bankruptcy of the Benefited Property Owner. Each Annual Installment Amount shall be considered a charge upon the Benefited Property and shall be collected by EIC, on behalf of the Municipality, at the same time and in the same manner as real property taxes or municipal charges. Each Annual Installment Lien shall remain a lien until paid. Amounts collected in respect of an Annual Installment Lien shall be remitted to EIC, on behalf of the Municipality, or the Financing Party, as may be provided in the Finance Agreement.
  - E. EIC shall act as the Municipality’s agent in collection of the Annual Installment Amounts. If any Benefited Property Owner fails to pay an Annual Installment Amount, the Financing Party may redeem the Benefited Property by paying the amount of all unpaid Municipal Liens thereon, and thereafter shall have the right to collect any amounts in respect of an Annual Installment Lien by foreclosure or any other remedy available at law. Any foreclosure shall not affect any subsequent Annual Installment Liens.
  - F. EIC, on behalf of the Municipality, may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens to Financing Parties that provide financing to Qualified Properties pursuant to Finance Agreements. The Financing Parties may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens received from EIC, on behalf of the Municipality, subject to certain conditions provided in the administration agreement between EIC and the Financing Party. The assignee or assignees of such Benefit Assessment Liens and Annual Installment Liens shall have and possess the same powers and rights at law or in equity as the Municipality would have had if the Benefit Assessment Lien and the Annual Installment Liens had not been assigned with regard to the precedence and priority of such lien, the accrual of interest and the fees and expenses of collection.
- §9. Verification and report
- A. EIC, on behalf of the Municipality, shall verify and report on the installation and

performance of Renewable Energy Systems and Energy Efficiency Improvements financed by the Program in such form and manner as the Authority may establish.

§10. Separability. If any clause, sentence, paragraph, section, or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

Section 2. This local law shall take effect upon filing with the Secretary of State.

RESOLUTION NO. 87

MEMORIALIZING RESOLUTION IN SUPPORT OF REQUESTING COMMERCIAL MOTOR VEHICLES TO BE MANDATED TO USE A GLOBAL POSITIONING SYSTEM (GPS) THAT ACCOUNTS FOR LOW BRIDGES AND OVERPASSES

WHEREAS, “commercial motor vehicle” includes tractor-trailers, buses, tall rental trucks used for hauling, construction trucks, and any other vehicle used for commercial purposes; and

WHEREAS, New York State averages 220 bridge strikes per year due to over-height commercial vehicles that result in injuries to drivers, other motorists, costly repairs to bridges, traffic disruptions, and harm to highway infrastructure; and

WHEREAS, New York State spends around \$15 million per year to repair bridge strikes; and

WHEREAS, according to the Federal Motor Carrier Safety Administration, GPS devices designed for commercial-use provides important information to drivers that they would not receive if using a non-commercial GPS device, such as information on low bridges and overpasses; and

WHEREAS, in 2018, New York State issued guidelines urging insurers to encourage commercial auto policy-holders to utilize GPS systems that specifically warn truck drivers and bus operators of height restrictions on New York roads; and

WHEREAS, New York State has spent \$4.3 million to prevent vehicles from striking low-bridges around New York City by installing infrared beam systems that identify an over-height vehicle on a roadway with a low bridge, and then posts an alert message for the driver on an electronic sign along the roadway, warning them to leave before encountering the hazard; and

WHEREAS, at some locations, drivers of over-height vehicles have stated that the warning from the infrared system comes too late to offer sufficient time to exit a highway; and

WHEREAS, the Trucking Association of New York stated that GPS devices designed for commercial-use is preferable because some drivers are from out-of-state, and thus are unfamiliar with New York roads and where the infrared systems may be located; and

WHEREAS, utilizing GPS devices designed for commercial-use is more financially responsible for New York State than expending millions of dollars on infrared systems only to cover a few bridges in the New York City metro-area; and

WHEREAS, GPS devices designed for commercial-use offer a better warning for the driver, ensures every bridge can be accounted for, and will better improve road safety across New York to protect highway infrastructure; now, therefore be it

RESOLVED, that this Onondaga County Legislature hereby requests that the New York State Legislature mandate the use of commercial global positioning systems on commercial motor vehicles for the safety of motorists, New York State roadways, and to protect highway infrastructure; and, be it further

The Deputy Clerk read the following communications:

October 31, 2021

Jamie McNamara, Clerk  
Onondaga County Legislators

RE: COUNTY EXECUTIVE VETO: Baseball & Softball Sports Tourism Continuation Plan \$2,000,000

Pursuant to Section 605 of the Onondaga County Charter, I hereby object to and veto the addition to the County Budget of two million dollars for Hopkins Park. Such Increase appears as part of item 69 (Parks and Recreation) in the Ways and Means Report and is stated as follows:

Increase A666500 Contingent Account \$2,000,000  
(Note: Baseball & Softball Sports Tourism Continuation Plan)

Onondaga County is fortunate to have a robust and successful Parks system and this includes Hopkins Road Park. The success of Hopkins Road Park is, in part, why it was identified by an independent market analysis as the ideal location for a lacrosse and soccer complex. The decision by the County Legislature to allocate two million of tax payers dollars to “improve” Hopkins Road as a softball facility would directly inhibit the expressed intent of enhancing Hopkins Road Park into a state of the art lacrosse and soccer complex.

The 2022 budget was nothing short of historic. It shored up our base operations, in part, by adding nearly 300 new positions. It continued Onondaga County’s commitment to tackling poverty, investing in mental health and supporting our children. This budget also makes it clear, more than ever, that Onondaga County cannot continue its commitment to the human service needs of our community if we do not generate the revenue to pay for it. This is exactly why the proposed soccer and lacrosse complex is critical for both enhancing our tourism infrastructure and driving necessary growth in our sales tax receipts. The decision by the County Legislature to spend two million dollars to “enhance” Hopkins Road Park, not only severely limits its potential, but would also dramatically limit the County’s ability to maximize potential revenue.

For the reasons state above, I veto this measure.

The Onondaga County Legislature hereby declares that it would have enacted this local law of such remaining parts, provisions or districts, had the invalidity of such part, provision or district been apparent at the time of such enactment.

Section 3. Construction. This local law shall be liberally construed to effectuate the purposes thereof and to apportion and district this county in compliance with the rulings of the United States Supreme Court and New York State Municipal Home Rule Law Section 34(4).

It is intended that this local law and the districts described herein completely encompass all the area within the county. It is also intended that such districts apportioned on the basis of 2020 citizen population contain all the citizens resident in this county. It is further intended that the apportionment and districting provided for in this local law result in the creation of districts containing substantially equal citizen population. It is also intended that no district shall include any of the area included within the description of any other district.

Section 4. This reapportionment plan is adopted and is subject to a permissive referendum pursuant to the provisions of Onondaga County Charter Section 207 and Onondaga County Administrative Code Section 2.17. A petition signed, authenticated and filed by qualified electors of the County, registered to vote therein at the last preceding general election, in number equal to at least 10 per centum of the total number of votes cast for governor at the last gubernatorial election in the County, as provided in subdivision one of Section 24 of the Municipal Home Rule Law, within 45 days of adoption of this local law, shall be sufficient to require the submission of a proposition for the approval of such local law at a referendum in accordance with such subdivision. Petition and referendum procedures, including criteria for establishing or challenging the validity of such petition, shall be in accordance with subdivision one of Section 24 of the Municipal Home Rule Law.

Section 5. This local law shall become effective upon adoption and filing with the New York State Secretary of State. Provided, however, that if within 45 days after its adoption there be filed with the Clerk of the County Legislature a petition protesting against such local law, signed and authenticated in the manner set forth in subdivision one of Section 24 of the Municipal Home Rule Law by qualified electors of the County, registered to vote therein at the last preceding general election, in number equal to at least 10 per centum of the total number of votes cast for governor at the last gubernatorial election in the County, then such local law shall not take effect until approved by the affirmative vote of a majority of the qualified electors of the County voting on a proposition for its approval.

Section 1. The Administrative Code is hereby amended as follows:

Section 2.17. REAPPORTIONMENT.

To comply with the timeline in Section 207 of the Onondaga County Charter, at least thirty days prior to the earliest date of circulation of designating petitions for the primary election occurring 12 months following publication of the results of each federal decennial census of the County, the County Legislature shall prepare and approve a plan of reapportionment reflecting the number and geographic boundaries of the various districts from which its subsequent membership shall be elected. One legislator shall be elected from each of said seventeen districts, and district boundaries shall be revised to be consistent therewith.

LOCAL LAW NO. 2 - 2022

A LOCAL LAW TO REAPPORTION THE ONONDAGA COUNTY LEGISLATURE BY  
AMENDING ARTICLE II, SECTION 206 OF THE ONONDAGA COUNTY CHARTER

BE IT ENACTED BY THE ONONDAGA COUNTY LEGISLATURE OF THE COUNTY OF  
ONONDAGA, NEW YORK, AS FOLLOWS:

Section 1. Findings.

Based upon its review and evaluation of all required and appropriate reapportionment criteria, this Legislature hereby determines that the county legislative districts set forth herein are as nearly equal in population as is practicable, that no district has been drawn with the intent or result of denying or abridging the equal opportunity of racial or language minority groups to participate in the political process or to diminish the ability to elect representatives of their choice, and that districts comply with principles of reapportionment, including one person – one vote, as required by law.

This Legislature, having duly reviewed and considered these proposed district changes, further finds and determines that this reapportionment plan complies with state and federal constitutional

requirements, as well as all applicable federal, state and local laws. Without limitation, the reapportionment plan uses and meets the requirements of the Onondaga County Charter, the Onondaga County Administrative Code, New York State Municipal Home Rule Law Section 34, and the constitutional protections afforded by law.

This County Legislature encouraged community participation in the reapportionment process by providing for more than seven public hearings, allowing this Legislature to garner an unprecedented level of public input on proposed district changes. This Onondaga County Legislature has duly considered the public comments made throughout this process, and the reapportionment plan set forth in this local law addresses and responds to issues and concerns raised, all within the parameters allowable by law.

The intent of this reapportionment plan is to provide for constitutional and lawful representation, and it is the express finding of this Legislature that the reapportionment plan set forth herein accomplishes that intent.

### Section 3. Separability.

If any section, part or provision of this local law, including without limitation any part or provision relating to any district described herein, shall be adjudged invalid by a court of competent jurisdiction, such judgment shall: (1) be confined in its operation to the section, part or provision of this local law or the district or districts directly involved in the controversy in which such judgment shall have been rendered, (2) not affect or impair the validity of the remaining sections, parts, provisions or districts, and (3) not affect or impair the validity of the remaining apportionment or districting provided for in this local law. The Onondaga County Legislature hereby declares that it would have enacted this local law of such remaining parts, provisions or districts, had the invalidity of such part, provision or district been apparent at the time of such enactment.

### Section 4. Construction.

This local law shall be liberally construed to effectuate the purposes thereof and to apportion and district this county in compliance with the rulings of the United States Supreme Court and New York State Municipal Home Rule Law Section 34(4).

It is intended that this local law and the districts described herein completely encompass all the area within the county. It is also intended that such districts apportioned on the basis of 2020 population contain all the residents in this county. It is further intended that the apportionment and districting provided for in this local law result in the creation of districts containing substantially equal resident populations. It is also intended that no district shall include any of the area included within the description of any other district.

Section 5. Permissive Referendum.

This reapportionment plan is adopted and is subject to a permissive referendum pursuant to the provisions of Onondaga County Charter Section 207 and Onondaga County Administrative Code Section 2.17. A petition signed, authenticated and filed by qualified electors of the County, registered to vote therein at the last preceding general election, in number equal to at least 10 per centum of the total number of votes cast for governor at the last gubernatorial election in the County, as provided in subdivision one of Section 24 of the Municipal Home Rule Law, within 45 days of adoption of this local law, shall be sufficient to require the submission of a proposition for the approval of such local law at a referendum in accordance with such subdivision. Petition and referendum procedures, including criteria for establishing or challenging the validity of such petition, shall be in accordance with subdivision one of Section 24 of the Municipal Home Rule Law.

Section 6. Effective.

This local law shall become effective upon adoption and filing with the New York State Secretary of State. Provided, however, that if within 45 days after its adoption there be filed with the Clerk of the County Legislature a petition protesting against such local law, signed and authenticated in the manner set forth in subdivision one of Section 24 of the Municipal Home Rule Law by qualified electors of the County, registered to vote therein at the last preceding general election, in number equal to at least 10 per centum of the total number of votes cast for governor at the last gubernatorial election in the County, then such local law shall not take effect until approved by the affirmative vote of a majority of the qualified electors of the County voting on a proposition for its approval.
