ACCOMPLISHMENTS

Management

- As director of the Syracuse University MSLIS program (2012-2017), maintained the health of the MSLIS program by directing the activities of faculty and staff related to a student's life in the iSchool from being an applicant to being an alumnus. In a school that operates without departments (School of One), the ability to negotiate and to have diplomacy were critical to working towards set goals.
- As director of the MSLIS program, led the program through its 2015 American Library Association accreditation review, which included leading a team of 20+ people who wrote, edited, and commented on the self-study and gathered 400+ MBs of supporting data.
- Founded Hurst Associates, Ltd. to provide business intelligence and other information-related services to start-ups as well as mid-market and Fortune 500 companies. As needed, collaborate on projects with clients' internal staff and other external resources.
- Developed and managed client-focused business libraries at Corning Incorporated and Manning & Napier Advisors.
- Designed and built a strategic intelligence business aimed at middle-market companies for Manning & Napier Information Services (MNIS).
- Managed IT projects with resources and end-users in U.S., Europe and Asia.
- Managed staff hiring, training and performance reviews for Corning Incorporated' Business Support Library. Supplemented full-time staff with temporary employees to help in such areas as optical scanning.
- Directed the Business Support Library's operating and charge-out budgets.
- Wrote grant proposals for the Erie Canal Connected Project (2003 - 2004), under the auspices of the Space and Place Initiative of the Global Affairs Institute of the Maxwell School at Syracuse University. The project's goal was to do infrastructure and social assessments of part of the Erie Canalway National Heritage Corridor.
- As a manager, advocated for the corporate libraries, arguing for their services/budgets when divisive forces appeared.
- Awarded an Enitiative grant (2007 - 2009) to develop a speaker series in Syracuse geared towards small and micro business owners, as well as business students.

Teaching

- At Syracuse University, prepared and taught both undergraduate and graduate level courses, in face-to-face and online formats. Classes have included:

IST 676: Digital Libraries (2009)	
IST 677: Creating, Mng. & Preserv. Digital Assets (2006-2011)	
- Developed "Collection Development and Access" (IST 635) and "The Public Library as Institution"

- (IST 672) as online courses for the 2SU platform.
- Guest lectured for classes within SU's School of Information Studies, S.I. Newhouse School of Public Communications, and the Ronald E. McNair Post-Baccalaureate Achievement Program.
- Taught workshops on digitization, social networking tools, Second Life and other topics for local, regional and international organizations such as the Rensselaer-Columbia-Greene BOCES (Questar III), Manufacturers Association of Central NY, North Suburban Library System (IL), Florida & Caribbean Chapter of SLA, and Assoc. of International Librarians & Info. Specialists (Geneva, CH).
- Through the Alliance Library System, team-taught online classes on Virtual World Librarianship.

Information Technology

- Developed and delivered in-house training sessions and workshops on a wide-range of IT products including word processing, spreadsheet, PowerPoint, statistical (SAS) software, and blogging software.
- Worked with programmers and analysts on several projects to design and implement end-user systems that facilitated knowledge work and information flow, including work on a natural language processing system (DR-LINK™).
- At Corning Incorporated, developed and maintained applications in support of a worldwide sales and marketing system for European, Latin American and Asian sales offices, provided reporting capabilities not previously available, resulting in more effective and efficient tracking of sales information.
- Provided help desk support of end-users computing on corporate main frame and personal computers for several thousand staff and line division employees at Corning Incorporated.

Digitization

- With input from key stakeholders in New York State, including the Regents Advisory Council on Libraries, and the cooperation of the State Library, developed a proposal for the New York Digital Collections Initiative for presentation to the Board of Regents.
- Created digitization plans for the Rochester Regional Library Council, South Central Regional Library Council, Capital District Library Council, Western NY Library Resources Council and Chautauqua-Cattaraugus Library System with input from staff and members.
- Managed a demonstration digitization project for the Rochester Regional Library Council, entitled "Winning the Vote," which included supervising the work of historical consultants and web site developer, negotiating for digitization services, and gaining the cooperation of the eighteen participating institutions that had suffrage materials in their collections.
- Developed and taught digitization workshops for several library consortia, Computers in Libraries conference, and the Special Libraries Association.
- Created and taught the graduate course "Creating, Managing and Preserving Digital Assets" at Syracuse University.
- Supervised the digitization of journals for inclusion in DR-LINK, a natural language processing retrieval system, while at Manning & Napier Information Services (MNIS).
- Developed an in-house digitization facility to scan and OCR documents for the creation of company-wide knowledge-base at Corning Incorporated.

Social Networking

- Created and taught workshops on the broad range of social networking tools, including blogging.
- Presented on social networking tools for library and business groups to build awareness of the tools, their benefits, and possible uses.
- Mentored clients in implementing social networking tools for their businesses.

- Authored and managed blogs for volunteer organizations.
- Developed the Digitization 101 blog (www.Digitization101.com) for Hurst Associates, Ltd. which focuses digitization, copyright and digital preservation and eNetworking 101: The Blog, which focuses on online social networking. (eNetworking 101 was sunset in 2016.)

Business Intelligence

- Provided corporate executives with information and actionable reports to support their decision-making processes. The broad range of projects have included creating competitor profiles, delivering market information for use in business plans, providing intellectual property information for use in invalidating patents, and writing competitive intelligence briefings. Industries have included heavy equipment, financial services, medical equipment, telecommunication equipment, computer storage products and consumer products.
- Created information-based products to increase the quality of information available to middle-market companies for use in strategic business decisions.

DEPARTMENT: TRANSPORTATION

Project: Marcellus Maintenance Facility Sewer Connection

Purpose: Reduce Operating Costs/Efficiency, Maintain Existing Investment, Addition Capacity

Level of Development: Intermediate

Project Description:

The project consists of installing a new sanitary sewer system extending approximately 650-feet, connecting to the Town of Marcellus public sewer system. Excavation, backfill, structures and pipe, and pavement repairs will be required to complete the work. Easements will also be required to acquire the necessary property rights for the sewer system.

Project Cost Summary:

Borrowing to be Authorized	0	450						450	450
Pay as You Go	50							0	50
TOTALS	50	450						450	500

Project Detail and Status:

The Department of Transportation’s Marcellus Maintenance Facility is supported by a private sanitary septic system for sewer collection and discharge. Due to septic system limitations, DOT is unable to wash the DOT fleet with the necessary chemicals needed to maximize their useful life. In addition, reoccurring fees for septic tank cleanout are required. The goal of this project is to connect this DOT facility to the Town of Marcellus public sewer system. This will simplify daily operations, reduce fees, and result in a better maintained fleet of vehicles.

The project consists of design and construction phases. The work includes a new sanitary sewer system extending approximately 650-feet, connecting to the Town of Marcellus public sewer system. Excavation, backfill, new structures and pipe, and pavement repairs will be required in order to complete the work. Easements will also be required to acquire the necessary property rights for the sewer improvements.

The design will be completed in 2023, and bids will be received for construction to begin in 2024. To accomplish this project, \$50,000 is estimated for the design phase and \$450,000 for the construction and inspection phase.

In Spring 2024 we intend to seek legislative authorization for \$450,000 in debt.

BOND RESOLUTION

A RESOLUTION AUTHORIZING VARIOUS BRIDGE IMPROVEMENT PROJECTS IN AND FOR THE COUNTY OF ONONDAGA, NEW YORK, AT A MAXIMUM ESTIMATED COST OF \$1,400,000, AND AUTHORIZING THE ISSUANCE OF \$1,400,000 BONDS OF SAID COUNTY TO PAY COSTS THEREOF

THEREFORE, BE IT RESOLVED, by the affirmative vote of not less than two-thirds of the total voting strength of the County Legislature of the County of Onondaga, New York, as follows:

Section 1. Various bridge improvement projects, including retaining walls and approaches thereto, as well as incidental costs, are hereby authorized in and for the County of Onondaga, New York, at a maximum estimated cost of \$1,400,000.

Section 2. The plan for the financing thereof is by the issuance of \$1,400,000 bonds of said County, hereby authorized to be issued therefor pursuant to the provisions of the Local Finance Law.

Section 3. It is hereby determined that the period of probable usefulness of the aforesaid class of objects or purposes is twenty years pursuant to subdivision 10 of paragraph a of Section 11.00 of the Local Finance Law.

Section 4. The faith and credit of said County of Onondaga, New York, are hereby irrevocably pledged for the payment of the principal of and interest on such bonds as the same respectively become due and payable. An annual appropriation shall be made in each year sufficient to pay the principal of and interest on such bonds becoming due and payable in such year. To the extent not available from other sources, there shall annually be levied on all the taxable real property of said County a tax sufficient to pay the principal of and interest on such bonds as the same become due and payable.

Section 5. Subject to the provisions of the Local Finance Law, the power to authorize the issuance of and to sell bond anticipation notes in anticipation of the issuance and sale of the bonds herein authorized, including renewals of such notes, is hereby delegated to the Chief Fiscal Officer of such County. Such notes shall be of such terms, form and contents, and shall be sold in such manner, as may be prescribed by said Chief Fiscal Officer, consistent with the provisions of the Local Finance Law.

Section 6. All other matters except as provided herein relating to the bonds herein authorized including the date, denominations, maturities and interest payment dates, within the limitations prescribed herein and the manner of execution of the same, including the consolidation with other issues, and also the ability to issue bonds with substantially level or declining annual debt service, shall be determined by the Chief Fiscal Officer, the chief fiscal officer of such County. Such bonds shall contain substantially the recital of validity clause provided for in Section 52.00 of the Local Finance Law, and shall otherwise be in such form and contain such recitals, in addition to those required by Section 51.00 of the Local Finance Law, as the Chief Fiscal Officer shall determine consistent with the provisions of the Local Finance Law.

Section 7. The validity of such bonds and bond anticipation notes may be contested only if:

- 1) Such obligations are authorized for an object or purpose for which said County is not authorized to expend money, or
- 2) The provisions of law which should be complied with the date of publication of this resolution are not substantially complied with, and an action, suit or proceeding contesting such validity is commenced within twenty days after the date of such publication, or
- 3) Such obligations are authorized in violation of the provisions of the Constitution.

Section 8. The County Executive is authorized to enter into contracts to implement the intent of this resolution. In the event that General Fund Operating Surplus Funds are available at the end of the fiscal year, and if the Chief Fiscal Officer of Onondaga County deems it fiscally advantageous to use surplus funds rather than borrowing, all or a portion of the cost of the improvements authorized herein shall be paid using such surplus funds. Further, in the event that General Fund Operating Surplus Funds are so utilized, then the authorization to issue bonds provided within this resolution is hereby rescinded accordingly, reduced by the amount of funds utilized.

Section 9. This resolution shall constitute a statement of official intent for purposes of Treasury Regulations Section 1.150-2. Other than as specified in this resolution, no monies are, or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise set aside with respect to the permanent funding of the object or purpose described herein.

Section 10. This resolution, which takes effect immediately, shall be published in summary form in the Syracuse Post Standard, the official newspaper of said County, together with a notice of the Clerk of the County Legislature in substantially the form provided in Section 81.00 of the Local Finance Law.

Project Detail and Status:

The Department of Transportation operates an ongoing bridge construction program, using Department forces, to maintain the 210 bridges within the County highway system in a safe and acceptable condition. Site selection is determined through inspection results. Contract forces, frequently with State and Federal aid, undertake larger projects.

The New York State Department of Transportation conducts an annual inspection of all bridges in the State with a span of twenty feet or greater. Each bridge receives a condition rating based on a scale of zero to seven. The Onondaga County Department of Transportation's goal is to raise the average condition rating of its bridges to over five. The increased annual funding of this project reflects the Department's efforts to meet this goal.

Project Detail and Status:

This project encompasses major highway improvements as follows:

1. Traffic Capacity - includes improvements to signalization, grading, and alignment using designs based upon the projection of traffic volumes 20 years into the future.
2. Accident Reduction - using NYS "Accident Location Information System" (ALIS) accident rate reports, improvements to pavement quality, highway geometrics, road shoulders, turning lanes, traffic control devices, guide rail, and the elimination of roadside hazards, are made in an effort to reduce the accident rates at identified locations.
3. Green Infrastructure - Projects under this category would utilize means and methods of green infrastructure to encourage the retention and infiltration of storm water runoff.
4. Maintenance Costs - improvements such as full depth replacement of the pavement, paved shoulders, improved drainage, and provisions for sub base drainage are made to extend the pavement life of highways.
5. Right of Way Acquisitions – the purchase of needed Rights of Way necessary to complete the programmed projects. The program's focus is to preserve our highway system consistent with the New York State Department of Transportation's Forward Four Guiding Principles. This "preservation first" strategy is being implemented as part of this capital plan to keep pavements in a state of good repair in order to realize a lower-cost preservation cycle, as opposed to using a "worst first" approach.

Individual highway projects are at various stages of development. Due to the severely rising costs of construction and the need to maintain an even flow of funding, some projects have been funded over multiple years. The projects are the following:

Locally Administered, Federally Aided Highway and Bridge Construction projects have been funded as part of this plan. Projects include Onondaga Lake Canalways Trail Salina Extension, Old Liverpool Road Paving, and the Bear Road Paving projects.

DEPARTMENT: TRANSPORTATION

Project: Cold Mix Bituminous Paving

Purpose: Public/Employee Safety/Health, Reduce Operating Costs/Efficiency, Maintain Existing

Level of Development: Ongoing

Project Description:

This project entails the repaving of the 375 miles of secondary County roads on a rotating basis.

Project Cost Summary:

TOTALS	3,489	3,940	4,840	5,440	5,890	6,540	7,090	33,740	37,229

Project Detail and Status:

The cold mix bituminous paving program is designed to maintain 375 centerline miles of the low volume County cold mix highway system. The cold mix bituminous pavement is laid with a paving machine, and then surface treatment is applied.

The program's focus is to preserve the cold mix roads using a data driven, system-wide decision-making approach. Consistent with the New York State Department of Transportation's Forward Four Guiding Principles, a "preservation first" strategy is being implemented as part of this capital plan to keep good cold mix roads in a state of good repair in order to realize a lower-cost preservation cycle, as opposed to using a "worst first" approach.

Pavement ratings and traffic volumes will be used as a basis in the selection of the needed highway work. In addition, the importance of each highway as it relates to the overall transportation system will be considered as well.

DEPARTMENT: TRANSPORTATION

Project: Repaving Program (Hot Mix Bituminous)

Purpose: Public/Employee Safety/Health, Reduce Operating Costs/Efficiency, Maintain Existing Investment, Community/Economic Development, Maximize Outside Funding

Level of Development: Ongoing

Project Description:

This program provides for the repaving of major, high volume County roads to maintain our investment in the transportation system.

Project Detail and Status:

This ongoing bituminous hot mix program, which began in 1978, is designed to protect the County's investment in 428 centerline miles, equating to 477 two lane equivalent highway miles of higher-type roads.

The program's focus is to preserve the hot mix roads using a data driven, system-wide decision-making approach. Consistent with the New York State Department of Transportation's Forward Four Guiding Principles, a "preservation first" strategy is being implemented as part of this capital plan to keep good hot mix roads in a state of good repair in order to realize a lower-cost preservation cycle, as opposed to using a "worst first" approach.

Project Detail and Status:

This program provides funds to upgrade various County highway intersections to improve traffic flow and safety. Highway capacity and safety can be increased at minimal cost on many County roads through intersection improvements. These projects are identified through our ongoing traffic count program, or through the use of the Accident Location Information System (ALIS). Types of work included in this classification are:

- Traffic signal installation or modification.
- Addition of turning lanes at an intersection.
- Complete intersection reconstruction including signals, adequate lanes and shoulders, paving, striping, roadside hazard elimination, etc.

The Department is constantly working to acquire Federal and State funds to supplement this program.

MEMORANDUM IN SUPPORT

TITLE: AMENDING THE 2024 COUNTY BUDGET TO PAY IN THE FIRST INSTANCE 100 PERCENT OF THE FEDERAL AND STATE AID ELIGIBLE COSTS AT A MAXIMUM AMOUNT OF \$3,800,000 FOR THE CONSTRUCTION PHASE OF THE BEAR ROAD PAVING PROJECT, PIN 3756.77, AND AUTHORIZING EXECUTION OF AGREEMENTS

Purpose: This legislation will authorize the Comptroller to pay in the first instance \$3,800,000 of federal and state reimbursable monies for the Construction phase of the Bear Road 2R Paving Project, PIN 3756.77.

Summary: The work will include milling with a two-course asphalt pavement treatment (including isolated full depth reconstruction) between Sandy Lane and New York State Route 11 in the Town of Clay and the Village of North Syracuse. Approximately 2700-feet of new sidewalk will also be constructed along the south side of Bear Road between Richardson Drive and NYS Route 11, which is in the vicinity of the Bear Road Elementary School. Other work consists of guide rail, striping, sign, and drainage improvements. Construction is anticipated in 2025.

Fiscal Impact: This authorization is for the Construction phase of the project, which is funded with 80% Federal dollars, 15% State dollars, and 5% local dollars. The local share cost of \$200,000 has been funded through OCDOT's previous workplans.

RESOLUTION NO. _____

AMENDING THE DESIGN (SCOPING I-VI) AND RIGHT-OF-WAY INCIDENTALS PHASE OF THE CANALWAYS TRAIL SALINA EXTENSION PROJECT, PIN 3756.22 BY \$950,000, AND INCREASING THE AUTHORIZATION TO PAY IN THE FIRST INSTANCE 100% OF THE FEDERAL AID ELIGIBLE COSTS BY \$760,000, AMENDING RES NO. 64-2019, AND AUTHORIZING THE EXECUTION OF AGREEMENTS

WHEREAS, by Resolution No. 64-2019, the County Legislature approved the project for the Canalways Trail Salina Extension Project, PIN 3756.22; agreed to pay in the first instance the total federal share of the cost of the design (Scoping I-VI) and right-of-way incidentals phase; provided for County participation in the cost of the local share of the project; authorized the County Comptroller to pay in the first instance up to \$680,000 and to amend the Capital Project Fund 40021; and

WHEREAS, the total additional cost for the project is \$950,000 and the additional non-federal share of the costs of the design (Scoping I-VI) and right-of-way incidentals phase is estimated to be \$190,000, such amount being 20% of the total additional cost, and the additional federal share is estimated to be \$760,000, such amount being 80% of the total additional cost; and

WHEREAS, with the additional cost, the total cost for the project is now \$1,800,000, and the non-federal share of the costs of the design (Scoping I-VI) and right-of-way incidentals phase is estimated to now be \$360,000, such amount being 20% of the total cost, and the federal share is estimated to now be \$1,440,000, such amount being 80% of the total cost; and

WHEREAS, the Onondaga County desires to advance the project and to pay in the first instance the federal share of the costs (\$1,440,000) for the above project, filing afterwards for reimbursement of eligible costs, and to fund the non-federal share (\$360,000) with DOT capital funds; now, therefore be it

RESOLVED, that the Canalways Trail Salina Extension Project authorized by Resolution No. 64-2019 is hereby amended to provide for the additional costs for the design (Scoping I-VI) and right-of-way incidentals phase; and, be it further

RESOLVED, that the County Legislature approves the project, as amended, to include the additional costs, and agrees to pay in the first instance 100 percent of the total federal share of the project; and, be it further

RESOLVED, that the County Executive is hereby authorized to execute agreements and such other documents as may reasonably be needed to implement the intent of this resolution, and to provide for County participation in the cost of the local share of the project; and, be it further

RESOLVED, that Resolution No. 64-2019 hereby is amended to be consistent with this resolution, and the County is authorized to pay in the first instance the additional funds beyond those funds provided in Resolution No. 64-2019, subject to reimbursement; and, be it further

Purpose: This legislation will authorize the Comptroller to pay in the first instance \$760,000 of federal reimbursable monies for the Design & Right-of-Way Incidentals phases of the Canalways Trail Salina Extension Project, PIN 3756.22.

Summary: The objective of this project is to complete the County's Onondaga Lake Trail System by constructing 2.25 miles from Murphy's Island in the City of Syracuse to the trailhead at Bloody Brook in the Town of Salina. This multi-use asphalt transportation trail will be 10 feet in width. Construction is anticipated in 2026.

Fiscal Impact: Previously in 2019, OCDOT came before the Legislature (Resolution #64) to fund the preliminary design phase (including right of way incidental costs) of the project. This request for additional monies is necessary to fund the final design phase of the project, which is funded with 80% Federal Dollars and 20% local dollars. The local share cost of the project in the amount of \$190,000 has been authorized through OCDOT's Workplans.

Purpose: This legislation will authorize the Comptroller to pay in the first instance \$988,000 of federal and state reimbursable monies for the Construction phase of the Lakeshore Road Bridge over Maple Creek (C-7) Project, PIN 3756.73.

Summary: The bridge, located in the Town of Cicero approximately 1,100-feet north of NYS Route 31, is in disrepair and must be rehabilitated. It is a single span structure comprised of concrete box beams supported on concrete abutments founded on spread footings. The concrete box beams show evidence of leakage. The proposed work includes replacing the bridge superstructure with prestressed post-tensioned concrete structural slabs on which a poured concrete deck will be placed. Also, substructure concrete repairs of the abutments and wingwalls will be completed. Construction is anticipated to be in 2025.

Fiscal Impact: This authorization is for the Construction phase of the project, which is funded with 80% Federal dollars, 15% State dollars, and 5% local dollars. The local share cost of \$58,000 has been programmed through OCDOT's previous workplans.

Purpose: This legislation will authorize the Comptroller to pay in the first instance \$1,175,000 of State (non-federal) reimbursable monies for the design and construction phases of the Oak Orchard Road over Youngs Creek Culvert (C-123) Replacement Project, PIN 3757.32.

Summary: This culvert, located in the Town of Clay near the intersection of Oak Orchard Road with Caughdenoy Road, needs to be replaced. The existing three sided concrete box culvert, which was built in 1939, has deteriorated to the point where replacement is required. The extensive concrete deterioration is evident throughout the deck bottom and walls, which is covered with map cracking and efflorescence. Hands on inspection revealed areas of hollow sounding concrete, spalled concrete and exposed rebar. The concrete delamination has progressively worsened over the past decade. This structure is beyond repair and will be replaced with a four-sided precast concrete box culvert. Construction is anticipated in 2027.

Fiscal Impact: This authorization is for the design and construction phases of this project, which is funded with 0% Federal Dollars, and 100% State Dollars (non-federal share) through the Bridge NY Program. A local share cost will only be incurred if the project cost exceeds the non-federal share of \$1,175,000.

Purpose: This legislation will authorize the Comptroller to pay in the first instance \$1,365,150 of federal reimbursable monies for the Design and Construction phases of the West Dead Creek Road Bridge (C-230) over Dead Creek project, PIN 3757.21. This project has been awarded 95% federal funds through the Bridge NY Program.

Summary: This culvert is located in the Town of VanBuren between Gunbarrel Road and NYS Route 31, and involves rehabilitating the West Dead Creek Road Bridge over Dead Creek. The concrete deck, bearings, and approach slabs are proposed to be removed and replaced. The existing steel beams will be retained, cleaned and painted. Concrete repairs will be made to the concrete abutments, and the guiderail will be replaced to meet current standards. The approach pavement will be adjusted to match the new deck elevation. Construction is anticipated to be in 2026.

Fiscal Impact: This authorization is for the design and construction phases of the project, which is funded with 95% Federal Dollars from the Bridge NY Program, and 5% local dollars. The local share cost of \$60,500 is being programmed through OCDOT's workplans.
