## **MEMORANDUM OF SUPPORT**

**Title:** AMENDING THE 2023 COUNTY BUDGET TO PROVIDE FOR THE TRANSFER OF FUNDS FROM SALARIES AND MAINTENANCE, UTILITIES AND RENTS TO PAY THE ADDITIONAL COSTS ASSOCIATED WITH INCREASED SUPPLY CHAIN AND CONTRACTED SERVICE EXPENSES.

**Purpose:** WEP is seeking to transfer funds from Regular Salaries and Maintenance, Utilities and Rents to pay the additional cost associated with increased contracted pricing. Supply chain cost increases have resulted in unbudgeted expenses for wastewater treatment chemicals and removal of biosolids and grit disposal from WEP's treatment facilities. A transfer of funds is requested in the amount of \$2,270,000.

**Summary:** Increases on commodity contracts for wastewater treatment chemicals has resulted in costs exceeding the 2023 Supplies and Materials Budget. To cover costs already incurred, as well as projected through the end of the year, a transfer of \$1,600,000 is being requested for the 300-Supplies and Materials Account from 101- Regular Salaries and 413- Maintenance, Utilities and Rents. The biosolids disposal market has significantly been impacted by the landfill capacity in Ontario County which is requiring our contractor to use alternative means of disposal. This has driven a renegotiated price that was not budgeted in the 410 All Other expense line. To cover current costs and imminent increase for sludge hauling for the second half of the year, an increase in the budget is requested by transfer of funds from 413- Maintenance, Utilities and Rents in the amount of \$670,000.

**Fiscal Impact:** This will have no impact on the budget – net \$0.

### BAC

Blood Alcohol Concentration (BAC) is the content of alcohol in an individual's blood based on the breathalyzer test or blood test.

### Confirmation Test

For alcohol testing, a second test following a screening test with a result of greater than .02, that provides quantitative data of alcohol concentration. For controlled substance testing, a second analytical procedure to identify the presence of a specific drug or metabolite which is independent of the screen test and which uses a different technique and chemical principle from that of the screen test in order to ensure reliability and accuracy. (Gas chromatography/mass spectrometry (GC/MS) is the only authorized confirmation method for cocaine, marijuana, opiates, amphetamines, and phencyclidine.)

### Medical Review Officer (MRO)

A licensed physician responsible for receiving laboratory results generated by the County drug test program, who has knowledge of substance abuse disorders and has appropriate medical training to interpret and evaluate employee's confirmed positive test result together with his or her medical history and any other relevant biomedical information.

### Prohibited Conduct

Conduct which is prohibited is described in Section VI of this policy.

### Refusal to Submit

An employee who (1) fails to provide adequate breath for testing without a valid medical explanation after he or she has received a notice of the requirement for the breath testing; (2) fails to provide adequate urine for drug testing without a valid medical explanation after he or she has received notice of the requirement for urine testing; (3) engages in conduct that clearly obstructs the testing process; or (4) otherwise refuses to submit, will be classified as having refused to submit to an alcohol or drug test.

### Screening Test

## **III. Testing**

There are several occasions when an employee will be subject to drug and alcohol screening tests pursuant to this policy.

### **a. Reasonable Suspicion Testing**

Reasonable suspicion testing is alcohol and drug testing that the County may conduct when it has reasonable suspicion to believe that an employee has engaged in conduct prohibited by this policy. Reasonable suspicion must be based upon specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of an employee by a County official who has received required training to recognize probable alcohol or drug use.

The County will, if possible, administer a reasonable suspicion alcohol and/or drug test within 2 hours of the reasonable suspicion determination, but in no event more than six (6) hours following the determination. In the event that these time periods are not met, the County will prepare and maintain on file a record stating the reasons the alcohol and/or drug test was not promptly administered.

The County will not permit any employee to report for duty or remain on duty while the employee is under the influence of, or impaired by, alcohol as shown by the behavioral, speech, and performance indicators of alcohol misuse, until an alcohol test is administered and the employee's blood alcohol concentration measures less than .02 or 24 hours have elapsed following a determination that reasonable suspicion exists to believe that the alcohol prohibitions of this policy have been violated.

A written record shall be made of observations leading to reasonable suspicion, signed by the supervisor or person who made the observations, within twenty-four

*DBB*  
*JSC*

(24) hours of the observed behavior or before the results of drugs test are released, whichever is earlier.

Reasonable suspicion drug and alcohol testing may be conducted at any time the employee is on duty for the County.

b. Return to Duty Testing

Return to duty testing is alcohol and drug testing conducted after an employee has engaged in prohibited conduct under this policy, completed counseling prescribed by a substance abuse professional, if any, and prior to his/her return to duty. Before an employee may return to duty, he/she must undergo return to duty testing with an alcohol test result indicating a BAC of less than .02 and a drug test indicating a verified negative result of tested drugs.

c. Follow-up Testing

Follow-up tests are given following a determination by the Substance Abuse Professional (SAP) that an employee is in need of assistance in resolving problems associated with misuses of alcohol and/or tested drugs. This is an unannounced test, given at least six (6) times within twelve (12) months with the actual frequency and number of tests determined by the SAP, but in no event may the follow-up testing continue for a period beyond twenty-four (24) months from the SAP's determination. The SAP may terminate the requirement of follow-up testing at any time if he/she determines that follow-up testing is no longer necessary.

d. Testing Costs

The cost of all testing under this policy except as provided in IV. Drug & Alcohol Testing Procedures (b) Alcohol and (c) Tested Drugs for the confirming test of a split sample which confirms an initial positive test shall be paid by the County.

#### IV. Drug & Alcohol Testing Procedures

---

a. Privacy and Dignity:

Testing will be conducted in a location that affords visual and aural privacy to employees being tested. Members shall have the right to refuse to participate in any testing which requires the provision of a urine sample while under direct observation.

b. Alcohol:

Alcohol testing will be administered by a Breath Alcohol Technician (BAT). If the initial test reveals a BAC of greater than .02, at the employee's option a

confirmatory test (infra-red breathalyzer or blood test) will be performed at that facility. The completed confirmatory test result is the final test result for purposes of this policy. The County requires that the cost for the confirmatory test will be the employee's responsibility if the employee elects to have the test and such test confirms a positive test result. If the employee is ultimately exonerated based on the results from the confirmatory test, the County shall reimburse the employee for his/her costs for the confirmatory test. If the final test result reveals a BAC greater than .02 but less than .04 the employee will not be permitted to work for 24 hours. The employee will be eligible to use leave accruals (but not sick leave) during this 24 hours.

If the BAC is .04 or greater, the employee will not be permitted to work until the Substance Abuse Professional (SAP) verifies the employee is capable of returning. During this period, the employee is eligible to use leave accruals and compensatory time but sick leave may only be used for any periods of disability as determined by the SAP after the date of the positive test.

Any leave accruals or compensatory time forfeited/used (except sick leave) because of a positive alcohol test shall be considered part of any disciplinary penalty if one is imposed later.

c. Tested Drugs:

A Federal Department of Health and Human Services certified laboratory will perform drug testing on urine samples provided by employees. The drugs for which tests will be conducted and the initial and confirmatory positive/negative test results are (however, testing for Marijuana metabolites / THC will only be conducted in those circumstances permissible under New York law):

Type of Drug or Metabolite	Initial Test	Confirmation Test
(1) Marijuana metabolites	50	15
(i) Delta-9-tetrahydrocannabinol -9-carboxylic acid (THC)	300	150
(2) Cocaine metabolites (Benzoylcegonine)	300	150
(3) Phencyclidine (PCP)	25	25
(4) Amphetamines (i) Amphetamine (ii) Methamphetamine	1000	500 500 (Specimen must also contain amphetamine at a concentration of greater than or equal to 200 mb/ml)
(5) Opiate metabolites (i) Codeine (ii) Morphine	2000	2000 2000

*DOB*  
*JSC*

(iii) 6-acetylmorphine	10
	Test for 6-A.M. in the specimen. Conduct this test only when specimen contains morphine at a concentration greater than or equal to 2000 mg/mg

The County will contract with a laboratory certified by the United States Department of Health and Human Services to insure that the collection, shipment, testing and chain of custody procedures insure the integrity of the testing process.

The split sample urine testing will be utilized. This method requires that the urine specimen be divided into two samples providing one sample for preliminary screening and initial confirmation, and a second sample for the second test if needed at a later date. The County requires that the cost for testing this split sample will be the employee's responsibility if the employee elects to have the second sample tested and such test confirms a positive test result. If the employee is ultimately exonerated based on the results from the second sample, the County shall reimburse the employee for his/her costs for the second test.

The Medical Review officer (MRO) will conduct a final review of all positive test results to assess possible medical explanations for the positive test results.

Information concerning testing results reported to County by the MRO shall be consistent with 49 CFR Part 40 § 40.131 and § 40.163 and as may be amended.

d. Disclosure of Test Results:

The County shall maintain records in a secure manner so that disclosure of information to unauthorized persons does not occur. County shall not release the tested drug and alcohol testing records of an employee except:

- i. to his/her designee upon written request;
- ii. to the decision maker in a lawsuit, grievance or other proceeding initiated by or on behalf of the employee and arising from the results of mandatory testing pursuant to this policy.

e. Uncompleted Testing:

If a screening or confirmation test cannot be completed, or if an event occurs that would invalidate the test, the BAT shall, if practicable, begin a new screening or confirmation test, as applicable.

*DBB*  
*JSC*

f. Records Retention/Test Results:

- i. Records Retention: The County shall maintain records of its alcohol and drug abuse program in a secure location with controlled access. The County shall maintain the following records for five years: (1) records of alcohol test results indicating a BAC of .02 or greater; (2) records of verified positive drug test results; (3) documentation of refusals to take required alcohol and/or drug tests; Records related to the alcohol and drug collection process and training shall be maintained for a minimum of two years. Records of negative and canceled drug test results and alcohol tests with concentration of less than .02 shall be maintained for one year.
- ii. Test Results: The County shall notify an employee of the results of reasonable suspicion drug tests if the test results are verified positive and which tested drug(s) were verified as positive.

V. Refusal to Submit to Testing

An employee shall not refuse to submit to a reasonable suspicion alcohol or drug test required under this policy, a return to duty alcohol or drug test, or a follow-up alcohol or drug test required under this policy. Any employee shall not be permitted to return to duty subsequent to a refusal to submit to a test required under the policy until the employee is evaluated by a Substance Abuse Professional and completes a substance abuse program designed by a Substance Abuse Professional, if any, and undergoes a return to duty alcohol test revealing a BAC of less than .02 and a drug test with a verified negative result. A refusal to submit to testing is the equivalent of an alcohol test revealing a BAC of .02 or greater or a drug test with a positive result. A refusal to be tested shall be defined as a refusal by an employee to complete and sign the breath alcohol testing form or to complete the drug screening chain of custody form, to provide breath, to provide an adequate amount of breath, to provide an adequate amount of urine or otherwise to cooperate with the testing process in a way that prevents the complete of the test. The BAT or collector shall record such refusal in the remarks section of the form. The testing process shall then be terminated and the BAT or collector shall immediately notify the County.

VI. Prohibited Conduct

1. No employee shall work or report to work in violation of this policy.
2. No employee shall use, possess, distribute or dispense alcohol or prohibited drugs (which includes but is not limited to cannabis) under this policy while on duty outside the scope of his/her job duties, including while on County property or work sites.
3. No employee shall refuse to submit to a required alcohol or drug test conducted pursuant to this policy.

*DDB*  
*JSC*

4. No employee shall report for duty or remain on duty if the employee tests positive for tested alcohol or drugs as defined by the policy.

## **VII. Referral, Evaluation and Treatment**

1. The County shall make available to employees through the County's Employee Assistance Program information regarding the resources available for evaluating and resolving problems associated with the misuse of alcohol and use of drugs, including the names, addresses, and telephone numbers of Substance Abuse Professionals and counseling and treatment programs.
2. An employee who engages in conduct prohibited by this policy shall be evaluated by a Substance Abuse Professional who shall determine what assistance, if any, the employee needs in resolving problems associated with alcohol misuse and drug use. The costs associated with this evaluation are the responsibility of the employee and may be covered by the employee's health benefits plan, subject to the plan's conditions and limitations.
3. Before an employee returns to duty after engaging in conduct prohibited by this Policy, the employee shall undergo a return to duty alcohol test with a result indicating an alcohol concentration of less than .02 if the conduct involved alcohol, or a drug test with a verified negative result if the conduct involved drugs.
4. Employees identified by an SAP as needing assistance in resolving problems associated with alcohol misuse or drug use shall:
  - a. be evaluated by a Substance Abuse Professional to determine if the employee has properly followed any rehabilitation program prescribed under paragraph 2 of this section;
  - b. shall be subject to unannounced follow-up alcohol and drug tests administered by the County following the employee's return to duty. The number and frequency of the follow-up tests shall be as directed by the Substance Abuse Professional, and consist of at least six (6) tests in the first twelve (12) months following the employee's return to duty. The County may direct the employee to undergo return-to-duty and follow-up testing for both alcohol and drugs, if the Substance Abuse Professional determines that return-to-duty and follow-up testing for both alcohol and drugs is necessary for that employee. Such testing shall be in conformance with this policy. Follow-up testing shall not exceed sixty (60) months from the date of the employee's return to duty. The Substance Abuse Professional may terminate the requirement at any time after the first six (6) tests have been administered, if the Substance Abuse Professional determines that such testing is no longer necessary.

c. The evaluation and rehabilitation shall be provided by:

- 1) a Substance Abuse Professional approved by the County; or
- 2) a Substance Abuse Professional selected by the employee. The employee shall be required to submit to the County a written verification from the Substance Abuse Professional that they meet the qualifications as set forth in Section II – Substance Abuse Professional of this policy prior to receiving the evaluation and rehabilitation.

d. A Substance Abuse Professional who determines that an employee requires assistance in resolving problems with alcohol misuse or drug use shall not refer the employee to the Substance Abuse Professional's own private practice, or to a person or organization from which the Substance Abuse Professional receives remuneration or in which the Substance Abuse Professional has a financial interest.

e. Costs associated with evaluation and treatment shall be the responsibility of the employee and may be covered by the employee's health benefits plan, subject to the plan's conditions and limitations.

*Revise the following paragraphs as follows:*

- D. Any employee whose scheduled day off falls on a holiday or any employee who is required to work on a holiday as defined by Article 13(A) shall have the option of receiving a holiday premium of compensatory time off in lieu of a holiday premium of cash payment.

Employees electing this option for holiday premium of compensatory time must provide the department head or authorized designee written notification stating both the employee's election of the holiday premium of compensatory time option, and specifying the date the employee requests to use the holiday premium of compensatory time. ~~The employee's requested date must be a date no later than six weeks following the holiday.~~ The written notification must be provided to the department head or authorized designee no later than five (5) work days prior to the holiday.

~~If the employee's requested date is denied and an alternative date cannot be mutually agreed to by the employee and the department head or authorized designee, the employee shall then receive a holiday premium of cash payment in lieu of compensatory time as follows:~~

- ~~1. Employee who was scheduled off on the holiday shall receive a holiday premium of straight time cash payment.~~
- ~~2. Employee who worked on the holiday shall receive a holiday premium of straight time and one half (1 1/2) cash payment.~~

### E. Eligibility

In order to be eligible for the holiday pay as defined in Section (A) and (C), those employees covered by this agreement must actually work their last scheduled work day prior to the holiday, the holiday when they are required to work, and their first scheduled work day after the holiday. As an exception to the prior sentence, an employee's unexpected absence on their last scheduled work day prior to the holiday, or their first scheduled work day after the holiday, where the employee suffers a legitimate

and physician verified illness or injury, will not result in forfeiture of the holiday pay; however, this exception can only be used by an employee up to one (1) time per calendar year. In all instances, unexpected absences on the holiday when required to work will result in forfeiture of holiday pay.

Notwithstanding the above paragraph, when an employee works on a holiday, but fails to actually work their last scheduled work day prior to the holiday and/or their first scheduled work day after the holiday without prior approval, the employee will be eligible for holiday pay where the employee suffers a legitimate and physician verified illness or injury.

For purposes of clarity, any scheduled and approved leave contiguous to the holiday does not constitute a "scheduled work day."

All regularly scheduled employees shall be obligated to work no more than seven of the holidays, except for employees of the Department of Emergency Communication and the Department of Correction which shall be eight (8) of the holidays as of January 1, 2009, as enumerated in Section (A). In instances where an employee was ordered or volunteered to work on an overtime basis on a holiday, the overtime worked shall count as one (1) day toward satisfying the seven holiday obligation set forth above except for employees of the Department of Emergency Communications where this shall not apply as of January 1, 2009. For example, an employee works from 7 a.m. - 3 p.m. on Christmas Day. The employee then works from 3 p.m. - 11 p.m. on an overtime basis on that day. The employee would be credited with one holiday worked for their regularly scheduled hours worked and one holiday worked for the overtime hours worked for a total of two holidays worked toward satisfying the holiday requirement set forth above. In all cases, the employee must work a minimum of four hours on a holiday for this to apply.

G. Floating Holidays

The following holidays shall be considered floating holidays: Lincoln's Birthday and Columbus Day. The parties understand and agree that sections (a), (b), (c) and (d) of this Article shall not apply for purposes of these days. Rather, in accordance with section (f) of this Article, the calendar dates on which the above holidays would be observed shall be considered regularly scheduled work days. In lieu of the benefits set forth in sections (a), (b), (c) and (d) of this Article, employees may elect to implement the holiday premium compensation as provided in section (a) of this Article for the above holidays on any two regularly scheduled work days between the calendar date on which the above holidays would be observed and midnight of the same holiday the following year ~~during the calendar year in which the holidays occur~~, provided that 72 hours advance request is made to and approval is granted by the appointing authority, and provided

that these floating holidays cannot be used by an employee until on or after the calendar date on which the above holidays would be observed.

The floating holiday concept shall not be applicable to employees working in 24 hour, shift or relief type operations.

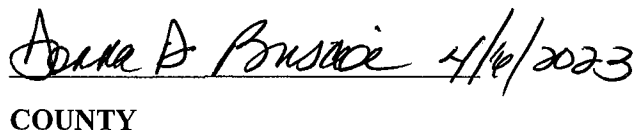

Employees hired or reinstated during any calendar year shall be eligible only for those floating holidays which fall subsequently to their date of hire or reinstatement. Employees eligible for terminal leave pursuant to Article 28 of this agreement shall be credited with any unused floating holidays which fall prior to the employee's termination date and debited with any used floating holidays which fall subsequent to the employee's termination date in accordance with the provisions for terminal leave.

### GRIEVANCE SETTLEMENT

The parties agree as follows to settle, resolve and close Grievance 01-002-23:

1. Amanda Patrick will be credited with seven (7) hours of compensatory time within ten (10) calendar days.
2. CSEA will permanently withdraw Grievance 01-002-23 and the related arbitration demand immediately upon Ms. Patrick being credited with the compensatory time referenced above in section "1".
3. Should the issues in dispute in Grievance 01-002-23 arise again in relation to holidays that occur before the parties have reached a complete package agreement that is ratified and legislatively approved, both parties reserve and may assert their rights, arguments and positions in such dispute notwithstanding this Tentative Agreement.
4. This grievance settlement will take effect immediately, while the remaining portions of this Tentative Agreement are subject to an agreement on a complete package that is ratified and legislatively approved.
