WHEREAS, said Metropolitan Water Board has proposed amending said Schedule of Rates, as hereinafter more fully set forth, with a request for confirmation of the proposed amendment following a public hearing thereon to be conducted pursuant to the provisions of Section 266 of the County Law and applicable rules; and

WHEREAS, it is now desired to schedule the required public hearing to consider the proposed amendment; now, therefore be it

RESOLVED, by the Onondaga County Legislature, as follows:

Section I. Receipt is hereby acknowledged of a communication from the Metropolitan Water Board, administrative head for the Onondaga County Water District, advising that it has established an amendment to the currently effective Schedule of Rates to be charged for Water and Water Service Provided by the Onondaga County Water District effective January 1, 2013, and requesting confirmation of said amendment by the County Legislature following a public hearing thereon.

Section II. The amendment proposed by the Metropolitan Water Board involves change in the respective rates currently in effect and, as amended, said Schedule of Rates would read as follows:

"All deliveries shall be made pursuant to contracts in writing between the customer and Onondaga County Water District and, except as otherwise provided in such contracts approved by the County Legislature, charges for water and water service shall be made in the manner following:

SCHEDULE NO. 1: For each Internal Customer, except the City of Syracuse, charges for water and water service will be made on a dual basis—a commodity charge based on actual consumption as measured by the meter at the point of connection to the District system (meters to be read and customers to be billed monthly), plus a capacity charge based on peak demand placed by the customer on the District system; these charges shall be computed by applying to actual consumption the following rates:

COMMODITY CHARGE: (per 1,000 gallons per month)
 First 30,000,000 gallons \$0.99
 Next 80,000,000 gallons \$0.98
 Next 180,000,000 gallons \$0.97
 Over 290,000,000 gallons \$0.96

CAPACITY CHARGE: \$3.85 per month per thousand gallons on the day of peak demand calculated by multiplying the average day during the prior year by a factor of 1.5. During the initial year of service the peak day will be adjusted monthly using cumulative daily average consumption and the 1.5 multiplier.

SCHEDULE NO. 2: For the City of Syracuse the charge for water and water service will be at the rate of \$1.19 per thousand gallons actually consumed as measured by the meter at the point of connection to the District system (meter to be read and bill to be rendered monthly); PROVIDED, however, that the City will pay a minimum annual charge (calendar year) of \$50,000 in equal monthly installments, for which the City may take 42,016,806 gallons of water in that year; for any water consumed in excess of this quantity during such year an additional charge will be made at the rate of \$1.19 per thousand gallons of excess.

SCHEDULE NO. 3: For each External Customer charges for water and water service will comprise the following monthly and annual charges:

a) A monthly charge for water actually delivered and sold, computed and payable in the manner prescribed in SCHEDULE NO. 1 for Internal Customers; PLUS

b) An annual charge computed and payable in the manner prescribed in Article III, Section 3.4(c) of the currently effective Rules and Regulations for the Operation of Onondaga County Water District. The terms "Internal Customer" and "External Customer" shall apply to and comprise customers within the scope of these terms as defined in Article I, Section 1.9 and 1.10 of the currently effective Rules and Regulations for the Operation of Onondaga County Water District. When a customer has more than one (1) connection to the District system, a meter will be installed at each point of connection and customer will be billed on a conjunctive basis."

and, be it further

RESOLVED, that said public hearing be held at the County Legislature Chambers in the County Courthouse, City of Syracuse, New York, at 12:55 o'clock P.M. on October 2, 2012, to consider the aforementioned amendment to the currently effective Schedule of Rates to be charged for water and water service provided by the Onondaga County Water District, which hearing shall be conducted in compliance with the rules for conducting such a hearing as set forth in the Order of the Board of Supervisors contained in Resolution No. 174-1966; and, be it further

RESOLVED, that the Clerk of this County Legislature be and hereby is authorized and directed to give notice of the public hearing hereinabove authorized and scheduled by publishing a certified copy of this resolution once in the Syracuse Post Standard, the first publication thereof to be not less than ten (10) nor more than twenty (20) days prior to said hearing.
