FARMLAND CONSERVATION EASEMENT PRE-APPLICATION INSTRUCTIONS 2023-2024

A farmland conservation easement is a voluntary agreement made between a landowner and an easement holder, in which the landowner surrenders their rights to develop the land and accepts restrictions that protect the agricultural land. The easement also conveys the right to enforce the restrictions to the easement holder.

The Farmland Conservation Easement Pre-Application is a tool used by the Onondaga County Agriculture & Farmland Protection Board (AFPB) to identify the most viable and competitive lands to receive the Board's required endorsement for the following Farmland Conservation Easement funding programs.

- NYS Farmland Protection Implementation Grant (FPIG) Program – State funding for the Purchase of Development Rights (PDR), or to cover the transaction costs related to the Donation of Development Rights (DDR). *See the Links and Resources section below for more information.*
- Onondaga County Agriculture Council – Local funding to cover the transaction costs related to the Donation of Development Rights (DDR).

The Cornell Cooperative Extension Onondaga County (CCE) and the Onondaga County Department of Planning (OCDOP) will be holding informational workshops on these programs as part of this Pre-Application solicitation. *See the Workshops section below for more information.*

Important To Note

Once a farmland conservation easement project is endorsed by the AFPB, landowners will be responsible for partnering with an eligible applicant entity to prepare and advance a full application to the State FPIG or Onondaga County Agriculture Council programs. This partner, often a land trust such as the NY Agricultural Land Trust (NYALT) or Finger Lakes Land Trust (FLLT), will assist in preparing a full application, and act as the ultimate holder of the farmland conservation easement. The OCDOP and the CCE can assist with reaching out to eligible partners, but it is entirely up to these entities to select projects and landowners to work with.

AFPB Pre-Application solicitation is typically conducted on an annual basis. State and local funding programs cycles vary, however, and there are often more AFPB endorsed projects than can be potentially advanced in one funding round. As such, it may take multiple funding rounds to move from endorsement to application advancement. Unless an endorsed project changes significantly, an AFPB endorsement does not expire. The OCDOP will reach out annually to the pool of endorsed projects to confirm continued interest. Pre-Applicants with endorsed projects are also encouraged to stay in contact with the OCDOP and eligible partners to remain in consideration.

Please note that an AFPB endorsement does not guarantee that a landowner will be successful in partnering with an eligible applicant entity, advancing a full application, or otherwise obtaining funding for their project.

Workshops

Workshops are offered to assist interested landowners/farmers in learning about farmland conservation easements, funding programs, and grant application details. **New applicants are strongly encouraged to attend!**

Pre-Application Workshop
Thursday, November 16, 2023, 10:00 AM
Online Meeting via Zoom

Learn about the programs and process to apply for farmland conservation easement grants.

Topics to be covered:

- What are my funding options?
- What is FPIG?
- What are the landowner considerations in placing their farmland in a conservation easement?
- What is a Pre-Application? What is the difference between this and a State FPIG application?
- What do I need to submit and where do I find the information?

Site Plan Workshop
Thursday, December 7, 2023, 10:00 AM
Cornell Cooperative Extension
Onondaga County
6505 Collamer Road
East Syracuse, NY 13057

Site Plans illustrate how the property may be used once a farmland conservation easement is placed on the land. They are a key requirement for State FPIG applications and are strongly encouraged for Pre-Applications.

Please be prepared to provide a list of your Project's parcel Tax IDs when you register for the Site Plan Workshop.

Topics to be covered:

- What is a Site Plan and why is it necessary?
- What are the different "Use Areas?"
- How might these "Use Areas" affect a farm operation?
- How do I create a Site Plan? (*Hint: we'll help you! Individual, one-on-one mapping sessions will be scheduled for December/January to help Pre-Applicants prepare a draft Site Plan.*)

RSVP REQUIRED!

Janet Thomas Oppedisano, Agricultural Team Leader
Cornell Cooperative Extension Onondaga County at 315-424-9485 x243 or jto32@cornell.edu.

Pre-Application Submission

Pre-Application Submission Requirements

Please note that the AFPB reserves the right to reject applications deemed incomplete.

- **Completed Pre-Application:** Please complete all relevant sections to the best of your ability. Pre-applications may be filled in by hand, or digitally. Additional sheets may be used as necessary.
- **Required Signatures:** All Pre-Applications (including emailed forms) must include the required signatures.
- **For Multi-County Projects Only:** Multi-County projects (see below) are required to obtain letters of support from all counties outside of Onondaga County.
- **Additional Information:** Additional information relating to specific program criteria as may be requested by the AFPB.
- **Photos (optional):** Up to four (4) photos of important scenic viewsheds or distinguishing features of the farm may be submitted.

Multiple Landowner and Multi-County Pre-Applications

- **Multiple Landowners:** Multiple landowners are eligible to submit joint Pre-Applications. Each landowner must fill out and sign a separate Pre-Application. For questions that speak to the full farm operation or primary farm operator, co-applicants may defer to responses in a “lead applicant” Pre-Application.
- **Multi-County:** Projects with acreage spanning beyond Onondaga County are eligible. Applicants are advised to describe the project in full while highlighting Onondaga County features.

AFPB Pre-Application Review Process

On receipt of a Pre-Application, the following process will take place.

- **Initial Review:** An initial Pre-Application review will be conducted to verify completeness and minimum program eligibility.
- **Site Plan:** OCDOP staff will continue to work with applicants to prepare a draft Site Plan to accompany the Pre-Application.
- **Landowner Presentation:** Landowners will be invited to present their Project to the AFPB at a meeting to be scheduled in early 2024.
- **Review:** AFPB members will individually score each pre-application in March 2024.
- **Endorsement Notification:** Landowners will be notified of the AFPB endorsement decision as soon as possible.
