**Onondaga County Agriculture & Farmland Protection Board
PRE-APPLICATION & INSTRUCTIONS
for the NYS Farmland Protection Implementation Grant Program**

The following pre-application form has been prepared by the Onondaga County Agriculture & Farmland Protection Board (AFPB) as a tool in gauging the viability and competitiveness of projects seeking endorsement by the Board for application to the New York State Farmland Protection Implementation Grant (FPIG) program.

Current Funding Opportunities:

There are currently three separate rounds of State Farmland Protection Implementation Grant (FPIG) funding for which the AFPB is accepting pre-proposals:

Purchase of Agricultural Conservation Easements: State announcement of a Request for Proposals is anticipated in Spring 2020. The AFPB deadline for pre-proposals to the County is **DECEMBER 6, 2019**.

Purchase of Agricultural Conservation Easements for Dairy Transition Projects meeting specific state requirements: NYS announced a second round of funding with a rolling submission/ award cycle, until funding is expended. Proposals received **DECEMBER 6, 2019** will be considered as part of the current endorsement process, although applications may be submitted anytime.

Transaction Costs for Donated Agricultural Conservation Easements: There is no deadline for pre-proposals to the AFPB.

Applicant Workshop:

A workshop for interested landowners/farmers will be held **NOVEMBER 26, 2019 at 12:30pm at the NYS Fairgrounds**. The workshop will cover the following topics:

- the FPIG grants being offered by the State
- overview of the AFPB Pre-Application and full State application requirements and process
- landowner considerations in placing conservation easements on your land
- site planning overview and 1-on-1 assistance for those submitting site plans to NYS for review

Attendees must RSVP by NOVEMBER 15, 2019 to Melanie Palmer of Cornell Cooperative Extension of Onondaga County, at mjp232@cornell.edu, or (315)424-9485x228. Please provide a list of tax parcels for any lands you own, and those you are considering for site planning, so that base maps may be prepared for the site planning assistance portion of the meeting.

NYS Site Plan Review:

The NYS Department of Agriculture & Markets is offering a preliminary review of site plans for potential conservation easement projects. While this preliminary review is not required, it is encouraged, as site plans are a required component of all full applications to the State. Site Plans are drawn to show all included parcels, exclusions, and designated use areas (farmstead areas, rural enterprise areas, resource protection areas, etc.) See web links section for more information.

If you wish to have a site plan reviewed by the State, please plan to attend the applicant workshop, and provide tax parcel information. Cornell Cooperative Extension staff can assist you, both at the meeting and afterward, in compiling necessary information and mapping for the state review.

Submission Requirements:

Proposals must include:

- **Completed Pre-Proposal:** Please complete all relevant sections of the pre-proposal form to the best of your ability. Forms may be printed and filled in by hand, or form fields can be filled in on the digital copy, then saved and/or printed. Additional sheets may be used as necessary.
- **Onondaga County Farm Service Agency Maps (required):** Aerial photo maps identifying Highly Erodible Soils (HEL) can be obtained from the local Farm Service Agency office (315/677-3552 x2). Please make your request in advance so the maps may be submitted with your pre-proposal. For farm operators in the FSA system, please have your farm number and tract number available. For non-farm owners, please have tax map numbers available.
- **Photos (optional):** Up to four (4) photos of important scenic viewsheds or distinguishing features of the farm may be submitted. Photos may be prints, digital files on a CD/DVD/flash drive, or emailed if within file size limits above.

To Submit your Pre-Proposal:

- All Pre-Proposals (including emailed forms) must include the required signatures.
- **Via hand-delivery**, by 4:00pm on the announced deadline date.
- **Via Email**, by 4:00pm on the AFBP deadline date to countyplanning@ongov.net. If emailing, please ensure the email file size is 10MB or less, including photos. You are encouraged to call the Planning Agency at 315/435-2611 to ensure receipt of emailed proposals.
- **Via mail**, please postmark three days prior to submission.

Multiple Landowner and Multi-County Projects:

Multiple Landowner Projects: Multiple landowners are eligible to submit a joint proposal to New York State under the FPIG program. For the purposes of the County's review, each individual landowner must fill out and sign a separate Pre-Application, with information pertaining to

the land in your ownership. For questions that speak to the full farm operation or farm operator, co-applicants may defer to the Pre-Proposal of a lead applicant.

Multi-County Projects: Applicants with project acreage spanning outside Onondaga County are required to obtain endorsements from all counties involved. The applicant is advised to fill out the following pre-proposal, describing the full project, but also highlighting Onondaga County features about the project. For questions regarding the breakdown of land use, the applicant is asked to break out acreage totals by County.

Review Process:

Upon receipt of submitted Pre-Application:

- Farm project representatives will be invited to attend a meeting with the Board, at which each farmer may briefly summarize their application and answer questions from the AFPB to assist in scoring. Attendance is encouraged, but not mandatory. You will be notified via email of the meeting date and details once the meeting has been scheduled (anticipated Feb. 2020).
- Members of the Onondaga Co. AFPB will score each farm proposal and consider any other relevant information in selecting one or more farm/farm projects to receive the AFPB's endorsement. This endorsement is required for ultimate submission of a state application.
- All farm owners submitting pre-proposals will be notified of endorsement decisions as soon as possible, so the full state application process may begin with selected owners and applicants.
- **IMPORTANT NOTE:** Endorsement of a farm project by the AFPB does not guarantee submission to the state. The landowner must also partner with an eligible applicant organization or municipality to prepare and submit a full State application. It is possible that the Board may endorse more projects than can feasibly be submitted by the limited local pool of applicant entities.

UNDER THE DAIRY TRANSITIONS FUNDING CATEGORY:**

Per the current New York State Request For Applications (RFA) for dairy transition projects, eligible projects are limited to only conservation easement projects on dairy farm operations on viable agricultural land that meet specific additional program requirements beyond conservation easement projects. Please complete the following to illustrate basic eligibility under Round 17.

A.) FOR DAIRY TRANSITION PROJECTS, PLEASE INDICATE THE NATURE OF THE TRANSITION OF YOUR DAIRY OPERATION (MUST MEET ONE OR MORE OF THE FOLLOWING):

TRANSITIONING TO THE NEXT OWNERSHIP OF A CONTINUING DAIRY, BUT WHOSE OPERATION HAS BEEN MODIFIED TO ENSURE GREATER FINANCIAL SUSTAINABILITY

Explain:

TRANSITION TO A MORE DIVERSIFIED OVERALL FARM OPERATION, WHILE CONTINUING, AT LEAST IN PART, AS A DAIRY

Explain:

A DIFFERENT TYPE OF NON-DAIRY FARM OPERATION

Explain:

B.) PLEASE INDICATE CONFORMANCE WITH REGIONAL ACREAGE REQUIREMENTS:

THE TOTAL PROJECT ACREAGE IS OVER 146 ACRES, AT _____ acres

THE PERCENTAGE OF ACTIVE AGRICULTURAL PRODUCTION IS OVER 50%, AT _____ percent

Please refer to the NYS Request for Applications for additional program and eligibility requirements.

The following tables will be completed by the Syracuse-Onondaga County Planning Agency (SOCPA), utilizing available GIS mapping data.
