APPLICATION FOR
STORMWATER PIPING INSTALLATION

Application for the installation of the main storm sewer collection system, including pipe sizes 8" or larger within or adjoining the property lines of any premises. The installation is limited to the last manhole or catch basin. *This application does not include building storm sewer*

APPLICATION NUMBER :	PROJECT NAME :
MUNICIPALITY :	LOCATION / ADDRESS :

In undertaking construction of this project, the undersigned acknowledges and agrees to the following:

- I understand that installation cannot begin until design plans and specifications, including construction materials, have been received and approved by Plumbing Control and their written authorization is required to proceed.
- I have provided WEP with a current Certificate of Insurance for Liability and Workers' Compensation (attach copy)
- I designate inspection of the installation to be performed by (check one):

Plumbing Control Inspection

I request that Plumbing Control conducts the required inspection. I understand that: (1) Inspection requests require a minimum notice of 24 hours, (2) Inspections are conducted between 8:00 am - 3:00 pm, and (3) Piping installations must be left open for the inspection appointment.

Professional Inspection

I have hired a New York State licensed professional engineer or registered architect to perform the required inspection. I understand that: (1) a Letter of Commitment to inspect this installation must be attached and (2) a Letter of Certification will be submitted by the undersigned.
