

Wastewater Treatment Plant Maintenance Worker (Instrumentation/Electrical)

The Department of Water Environment Protection (WEP) provides critical wastewater services to Onondaga County's Consolidated Sewer District. We are successful in our mission to protect local waterways and public health because of our dedicated and diverse workforce. WEP is looking for communicative, critical thinkers to join our team as Maintenance Workers.

JOB RESPONSIBILITIES

The work involves responsibility for assisting skilled instrumentation and/or electrical maintenance positions by performing a wide variety of semi-skilled tasks while learning the more skilled aspects of the work. Employees in this class, in learning and perfecting their craft skills, may perform journey level installation, maintenance, and repair activities under supervision of or after receiving detailed instructions from higher level employees. The nature of the work does not require planning, design, supervision, or layout of work or diagrams of malfunctions. However, employees in this class may function as lead worker by directing a small number of subordinates in performing unskilled and laboring tasks concerned with instrumentation and electrical maintenance and repair. The nature of the work may require employees in this class to operate motor vehicles and power-driven equipment. Does related work as required.

SKILLS AND REQUIREMENTS

- Working knowledge of methods, materials, tools, and equipment used in installation, maintenance, and repair activities in industrial instrumentation and electrical maintenance as applied in wastewater treatment plant job environment.
- Skill in the use of tools and test equipment used in instrumentation and electrical equipment installation, maintenance, and repair.
- Ability to read and understand plans, diagrams, and specifications.
- Ability to understand and carry out oral and written instructions.
- Ability to use a variety of tools and test equipment used in instrumentation and electrical installation, maintenance, and repair.
- Ability to perform moderate to heavy manual labor.

MINIMUM QUALIFICATIONS

- **OPEN COMPETITIVE APPLICANTS**
 - (1) A minimum of two (2) years of experience or its part-time equivalent, in maintenance and repair work which relates to electrical construction and maintenance or maintenance and repair of electronic equipment or,
 - (2) graduation from a regionally accredited or New York State registered college/university with an associate degree, or its equivalent in technical or apprentice training, in electronic or electrical engineering technology or an engineering or technical curriculum which relates to electrical construction or maintenance or maintenance and repair of electronic or,
 - (3) an equivalent combination of training and experience as defined herein.
